Statistical Methods in Agriculture and Experimental Biology - Roger Mead 2017-11-22

The third edition of this popular introductory text maintains the character that won worldwide respect for its predecessors but features a number of enhancements that broaden its scope, increase its utility, and bring the treatment thoroughly up to date. It provides complete coverage of the statistical ideas and methods essential to students in agriculture or experimental biology. In addition to covering fundamental methodology, this treatment also includes more advanced topics that the authors believe help develop an appreciation of the breadth of statistical methodology now available. The emphasis is not on mathematical detail, but on ensuring students understand why and when various methods should be used. New in the Third Edition: A chapter on the two simplest yet most important methods of multivariate analysis Increased emphasis on modern computer applications Discussions on a wider range of data types and the graphical display of data Analysis of mixed cropping experiments and on-farm experiments

Genetic Diversity Assessment and Marker-Assisted Selection in Crops - Francesco Mercati 2021-05-31
The exploitation of biodiversity is essential to select resilient genotypes for sustainable cropping systems as one of the main challenges for plant breeding. Mapping traits of agronomic interest in specific genomic regions appears as another pivotal effort for the future development of novel cultivars. For this purpose, there is evidence that MAGIC and other exotic populations will play a major role in the coming years in allowing for impressive gains in plant breeding for developing new generations of improved cultivars. This Special Issue focused on the application of advanced technologies devoted to crop improvement and exploit the available biodiversity in crops. In detail, next-generation sequencing (NGS) technologies supported the development of high-density genotyping arrays for different plants included in this issue.

Climate Change and Multi-Dimensional Sustainability in African Agriculture - Rattan Lal 2016-11-23

This 35-chapter book is based on several oral and poster presentations including both invited and contributory chapters. The book is thematically based on four pillars of sustainability, with focus on sub-Saharan Africa (SSA): Environment, Economic, Social and Institutional. The environmental sustainability, which determines economic and social/institutional sustainability, refers to the rate of use of natural resources (soil, water, landscape, vegetation) which can be continued indefinitely without degrading their quality, productivity and ecosystem services for different ecoregions of SSA. This book will help achieve the Sustainable Development Goals of the U.N. in SSA. Therefore, the book is of interest to agriculturalists, economists, social scientists, policy makers, extension agents, and development/bilateral organizations. Basic principles explained in the book can be pertinent to all development organizations.

Challenges and Opportunities for Agricultural Intensification of the Humid Highland Systems of Sub-Saharan Africa - Bernard Vanlauwe 2014-10-07

The humid highlands in sub-Saharan Africa (SSA) are characterized by high population densities and require intensification. The Consortium for Improving Agriculture-based Livelihoods in Central Africa (CIALCA) has set up a research for development platform in various mandate areas in DR Congo, Burundi, and Rwanda, aiming to identify improved production, market, and nutrition options and facilitating the access for development partners to these options. This platform is supported by capacity building, multi-stakeholder dialogue, and monitoring and evaluation efforts. The conference, facilitated by CIALCA, aimed to (i) take stock of the state-of-the art in agricultural intensification in the highlands of SSA and (ii) chart the way forward for agricultural research for development in the humid highlands of SSA, and more specifically in the recently launched Humidtropics Consortium Research Programme, through keynote, oral and poster presentations, and strategic panel discussions.

Sustainable Intensification to Advance Food Security and Enhance Climate Resilience in Africa - Rattan Lal 2014-10-10

This 32-chapter volume represents the core of several oral and poster presentations made at the conference. In addition to Introduction and Conclusion sections, the book is thematically divided into 7 sections, namely, 1) Land Use and Farming Systems, 2) Effects of Climate Change on Crop Yield, 3) Soil Nutrient and Water Management for Carbon Sequestration, 4) Rehabilitation of Degraded Lands through Forestry and Agroforestry, 5) Management of Animal Production for Greenhouse Gas Emissions, 6) Smallholder Adaptation to Climate Change, and 7) Economic, Social and Policy Issues. It addresses these themes in the context of sustainable intensification (SI). It implies increasing agronomic production from the existing land while improving/restoring its quality and decreasing the C or environmental footprint. Simply put, SI means producing more from less.

Prosecutorial Misconduct: Law, Procedure, Forms 4th Edition - Joseph F. Lawless 2022-08-26

We've all encountered prosecutors who are only interested in improving their "conviction scorecard" and

regularly tread on the Bill of Rights in the name of their own ambition. The Duke Lacrosse Team case and the recently dismissed prosecution of U.S. Senator Ted Stevens are merely emblematic of the kind of prosecutorial abuses that have long plagued our system of criminal justice. In the wake of scandals such as Enron, KMPG, ImClone and WorldCom, lawmakers continue to give federal and state prosecutors expanded, unbridled power to investigate and prosecute, fueling this ambition and encouraging prosecutorial abuse. Now, Philadelphia lawyer Joseph F. Lawless, a former Assistant District Attorney, Special Prosecutor and active criminal defense lawyer, gives you the benefit of his 32 years of experience to help protect your clients from prosecutorial misconduct with this authoritative and practical work. Considered the definitive treatise on the subject, this newest edition of Prosecutorial Misconduct provides a comprehensive and scholarly analysis of every prosecutorial abuse, from the initiation of a criminal investigation through the appeal and post-conviction stages for both federal and state jurisdictions. Unlike other works, however, Prosecutorial Misconduct also provides the defense bar with proven battle plans. Included in this edition is a complete collection of motions, briefs and arguments from actual cases handled by noted defense lawyers such as David Kendall, Gerry Spence, Billy Martin, James Brosnahan, John Cline, Michael Tigar and Joe Lawless, such as: • the Jayson Williams murder case; • the Clinton/Lewinsky grand jury probe; • the Wen Ho Lee espionage prosecution; • the prosecution of "American Taliban" John Philip Walker Lindh; • the Oklahoma City Bombing trial, United States v. Terry Lynn Nichols; • the "Buddhist Temple" fundraising case, United States v. Maria Hsia; • the Linda Tripp wiretap investigation; • the Doug Gilmore NHL extortion case. This newest edition also examines: • the Hyde Amendment; • the Principles of Federal Prosecution for Business Organizations; • the White Collar Crime Penalty Enhancement Act. Prosecutorial Misconduct sets out innovative, aggressive strategies developed in the crossfire of the courtroom by accomplished, successful defense lawyers, and is a must for every defense lawyer's library.

North Carolina Evidence Courtroom Manual - Walker Jameson Blakey 2021-04-23

This book has been designed specifically for courtroom use; its purpose is to provide fast, authoritative answers to questions which arise in the course of trials and hearings. It accomplishes this through a unique combination of features, including: Rules: the complete North Carolina Rules of Evidence is located in a separate section in the front of the book. Commentary by drafters: The official commentary by the study

committees and legislative committees that drafted the North Carolina Rules is located in an Appendix at the back of the manual. Analysis: Perhaps the most important part of this book, the author's analysis provides a quick overview of the Rule under discussion, authoritative guidance in interpreting the Rule, and pointers for applying the Rule in actual practice. In many chapters, the Analysis contains special features such as Illustrations, Constitutional Considerations, and Current Trends and New Developments. Authority:

Additional authorities are cited after each chapter's Analysis. These citations give the user a starting point for additional research. Comparison to Federal Rule: The substance of each Rule is compared to the applicable Federal Rule of Evidence. Cases: Recent significant cases are summarized at the end of each chapter. These cases provide support for argument and decisions required during the course of proceedings.
