take a close look at what's really going on in your head. What hidden negative thoughts are holding you back? Are you truly open to new possibilities, or are you letting your mind run on autopilot? Are you pursuing your passions or living by default? Do you have a clear picture of exactly what you want, or only a vague notion? This book takes you on a quest to find answers to those questions and more. The affirmations cover a broad range of topics, and the engaging prompters make your journey interesting and fun. From serious self-reflection to letting your imagination run wild, you will be encouraged and inspired to rethink your positive thinking. Most importantly, you'll explore the connections between your thoughts and the emotions behind them. Creative journaling is an excellent way to raise your self-awareness, and these 100 writing ideas provide keys to transforming meaningless statements into powerful, positive affirmations.

Daily Affirmations for Adult Children of Alcoholics - Rokelle Lerner 1996-11-01

The messages that we give to ourselves are the most important messages we hear. The internal briefings and conversations we hold determine our attitudes, our behavior and the course of our lives. If, as children, we were criticized and shamed, our internal dialogue will be self-deprecating. If we are used to large doses of self-imposed sarcasm and negative reviews of our daily performance, we gradually mutilate our self-esteem, our creativity and our spirit.

The Optimist Creed - Christian D. Larson 2012-05-24

The first-ever collection of writings by Christian D. Larson, author of the famous "Optimist Creed" and one of the twentieth-century's

pioneers of motivational thought. Contemporary research has shown that optimistic people experience longer and healthier lives, better relationships, and higher incomes. Generations before such findings, however, inspirational writer Christian D. Larson showed an amazing grasp of the life-changing power of gratitude and optimism. Today, Larson is known worldwide for his powerful meditation, “The Optimist Creed,” and other classics of spiritual living. But no single volume has collected his greatest writings. Here, at last, is a long-overdue anthology that makes Larson’s foundational writings available to the countless readers who already know his name and work. Like no one else of his day, Larson understood the metaphysical and psychological dimensions of grateful living - or, as he famously put it, “an attitude of gratitude.” Affirmative thought, Larson reasoned, sets in motion unseen forces, both spiritual and psychical, and aids in manifesting our desires. The Optimist Creed

features complete editions of Larson’s most deeply affecting works, each redesigned and reset. It contains: *The Pathway of Roses*; *Your Forces and How to Use Them* (the work that features his original “Optimist Creed”); *Mastery of Self*; *The Ideal Made Real*; and *Just Be Glad*.

most people are not shown the CORRECT way to use them. The Power of Affirmations reveals exactly why affirmations don't work well, and how to create ones that DO work. Topics covered in this report: - What is an Affirmation? - Why Don't Affirmations Work Much of the Time? - The True Purpose of Affirmations - How to Create Effective Affirmations - How to Tell if Your Affirmations Will Work - How Often You Should Recite Affirmations - The Best Way to Recite Affirmations - Other Ways to Use Affirmations - How Fast Do Affirmations Work? - Several Ways to Speed Up the Process - Common Challenges in Using Affirmations The Power of Affirmations clears up a lot of misconceptions about affirmations and provides you with simple, clear steps to create powerful, effective affirmations for any and all areas of your life. The Adventure of I - Tania Kotsos 2013-05-23
The Adventure of I is one of the most complete, logical and practical books written about the power of the human mind, Universal Consciousness, the Laws and Principles of the Universe, and your ability to direct your mind and create the life you desire with the power of your will. This book will take you on a journey to the centre of your reality where you will discover the mighty I within, and in so doing, you will come to understand just what is meant by the greatest maxim of all time, 'Know Thyself'. It is unlike other books on the subject in that it is founded on what is called Top-Down-Living, which is to live life from the higher vantage point of your Real Self. Only by raising your

degree of consciousness above the Physical Plane of your physical experience and the Mental Plane of your thoughts, desires and emotions, can you have directive power over them. Trying to change your physical experience at the degree of consciousness of the physical you is akin to manipulating an already printed photograph and expecting the changes to be reflected when you print it out again from the original negative. The Adventure of I teaches you how to change the 'original' so as to create lasting change in your life. You will gain an unparalleled understanding of the underlying mental nature of the Universe and how your mind creates your reality through It. You will discover the masculine and feminine principles of your mind and how they work together for the same purpose that is creation. You will learn precisely why your mind must, by definition, be one and the same with the One Universal Mind of The Absolute in Its entirety, for which nothing is impossible. You will learn about the seven

Universal Laws and other Principles that govern everything and everyone in the Universe, and how to use the Higher Laws to master the Lower Laws and transcend the influence of polarity and rhythm in your life. You will learn practical techniques for consciously creating your experience of reality, one desire at a time, under the direction of your will and the knowing of your intuition. You will discover long-lost secrets about the nature of the Universe and your mind's central place within Its Omnipotence, and much more. Ultimately, The Adventure of I will empower you to utter the most profound statement, 'I AM I', with full authority, and in so doing, you will become the master of your destiny.

The Book of Positive Affirmations - KIRU

2019-12-03

Improve your life immediately and continually with this practical and transformative prompt and guide written by American artist and entrepreneur, KIRU. So often we are told to 'be positive', to 'think good thoughts' or 'say nice things.' These are inherently good statements and ideas, and they're so well known across the world that it's safe to say most people already understand that it is generally important to be positive, grateful, and kind. Herein lies the struggle: Most people believe that they are capable of growing and improving as an individual, yet they struggle to connect with the actual practice of becoming a better person. They search forever to find the tools to help them grow and instead get lost in a raging sea of

cute sayings, nice tries and other abstract happiness material. Here comes the good news. The struggle stops here. The Book of Positive Affirmations is the definitive guide for unleashing the power of positive affirmations in your daily life.
