Notes from the Hyena's Belly - Nega Mezlekia 2015-04-07

In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Images of Postmodern Society - Norman K Denzin 1991-09-26

By using a series of studies of contemporary mainstream Hollywood movies - Blue Velvet, Wall Street, Crimes and Misdemeanors, When Harry Met Sally, sex lies and videotape, Do the Right Thing - Norman K Denzin explores the tension between ideas of the postmodern, and traditional ways of analyzing society. The discussion moves between two forms of text: social theory and cinematic representations of contemporary life. Denzin analyzes the ideas of society embedded in poststructuralism, postmodernism, feminism, cultural studies and Marxism through the ideas of key theorists (Mills, Baudrillard, Barthes, Habermas, Jameson, Bourdieu, Derrida and others). He relates these ideas to the problematic of the postmodern self as e

Spinning Side Kick - Anita Lahey 2011

Anita Lahey's second collection, Spinning Side Kick, is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments-in a day, in a life-when the normal clues we rely on disappear, shifting the line between domesticity and danger. In Spinning Side Kick, a talented poet returns with sharper aim.

Each chapter presents a society seen from a specific point of view, but always with reference to the issue of collective identity and its confrontation with history and change. The collection thus invites the reader to understand how the inhabitants of these societies seek to affirm both an individual identity and a sense of belonging to the contemporary world. In doing so, it informs the reader about the contemporary realities experienced by the inhabitants of the South Pacific, with a view to contributing to an intercultural dialogue between the reader and these inhabitants.

Blueprint for Black Power - Amos N. Wilson 1998

Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

The Real Name of God - Rabbi Wayne Dosick 2012-05-29

Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God's real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God Of the many names of God commonly used in the Bible and other sacred literature, none is God's real name. Every God-name, including YHWH, reflects only one of God's many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can't truly know something until you know its name, how can we truly know God?

The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick's work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi enables us to finally meet the whole, complete, real God--both the grand God of the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God's name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, we can affirm the connection to the Divine at the core of our being. We can touch the face of God that resides deep within us all.

Salt is Essential - Shaun Hill 2018-08-23

Food needs salt. The quantity is a matter of personal taste but some presence is essential and little is more disappointing from the eating perspective than a plate of food that looks fabulous and tastes of very little. It shows the cook's priorities are all wrong, that too much television cookery has been watched and not enough tasting and enjoyment indulged in.' So says Shaun Hill, who in this engaging exploration of his 50 years as a chef, brings his wealth of experience to the table, sharing what he has learnt so that the home cook can create truly remarkable dishes. Never one to shy away from controversy, he covers everything from why local and seasonal are not necessarily indicators of quality, to why soy beans are best left for cattle feed and Budapest is paradise for the greedy. The recipes range from Warm Rock Oysters with Spring Onion Butter Sauce to Pork in Shirtsleeves and Buttermilk Pudding with Cardamom. And although his commentary is undeniably witty, it's Shaun's knowledge and expert guidance that makes this book an invaluable tome for anyone who takes their food (but not themselves) seriously. 'This is a book you need to own; a lifetime's hard work in the kitchen distilled into sensible brevity. Shaun is a friend and a great cook.' Rick Stein

In the winter of 1928, still seeking some kind of resolution, Freddie is travelling through the beautiful but forbidding French Pyrenees. During a snowstorm, his car spins off the mountain road. Freezing and dazed, he stumbles through the woods, emerging in a tiny village, where he finds an inn to wait out the blizzard. There he meets Fabrissa, a lovely young woman also mourning a lost generation. Over the course of one night, Fabrissa and Freddie share their stories. By the time dawn breaks, Freddie will have unearthed a tragic mystery that goes back through the centuries, and discovered his own role in the life of this old remote town. By turns thrilling, poignant, and haunting, this is a story of two lives touched by war and transformed by courage.
