The Archetypes and the Collective Unconscious is one of Jung's central works. There are many illustrations in full colour.

*Memoirs of a Militia Sergeant* - Manuel Antônio de Almeida 2000-01-06

Recognized as a turning point in Brazilian literature, this entertaining novel of urban manners follows the neer-do-well Leonardo through his various romantic liaisons and frequent scrapes with the law. First printed in weekly installments in 1852, and later published

in two volumes in 1854-55, *Memoirs of a Militia Sergeant* comprises a series of humorous vignettes held together by the adventures and misfortunes of this young rogue--who matures from a handful of a toddler into a ruffian of a boy and an idler of a young man--and his father, also named Leonardo. Manuel Antonio De Almeida tells a story in everyday language that is rich in detail of life on the streets and the modest circumstances of the free poor of Rio de Janeiro. Through satirical accounts of the escapades of characters who always seem close to the brink of some personal crisis or social misstep, yet who manage to pull through by hook or by crook, Almeida makes a subtle and incisive comment on Brazilian urban society and culture of the nineteenth century. Now available in a new and lively translation, *Memoirs of a Military Sergeant* occupies an important position in the satirical literature of Brazil and the world.

Lord Colum of Sevenwaters is blessed with six sons: Liam, a natural leader; Diarmid, with his passion for adventure; twins Cormack and Conor, each with a different calling; rebellious Finbar, grown old before his time by his gift of the Sight; and the young, compassionate Padriac. **Propriedade Intelectual** - Cláudio Barbosa  
2013-08-20

A propriedade intelectual é um sistema de proteção aos bens intelectuais. Num primeiro momento, podemos dizer que este livro é um manual de propriedade intelectual, porquanto traz definições terminológicas, conceitos,

fundamentos jurídicos e natureza. Contudo, a obra vai além, pois de todas as características da propriedade intelectual, a imaterialidade, que possibilita a proteção dos sinais distintivos, das criações industriais, do direito autoral, pode ser reduzida a uma informação que é transmitida pelo titular do bem ao seu destinatário. É o valor desta informação, em última análise, que interessa ao sistema jurídico da propriedade intelectual. O valor deste livro consiste no fato da percepção de dois mercados: um mercado primário da informação (da inovação, dos centros de pesquisa, das universidades e dos criadores isolados); e outro, do mercado do licenciamento, o mercado secundário da informação, que incorpora os padrões tecnológicos, as redes internacionais de franchising e todo o vasto mercado de licenciamento de produtos e serviços.

Alcohol and Humans - Kimberley Hockings  
2020-01-05

Alcohol use has a long and ubiquitous history. The prevailing tendency to view alcohol merely as a 'social problem' or the popular notion that alcohol only serves to provide us with a 'hedonic' high, masks its importance in the social fabric of many human societies both past and present. To understand alcohol use, as a complex social practice that has been exploited by humans for thousands of years, requires cross-disciplinary

insight from social/cultural anthropologists, archaeologists, historians, psychologists, primatologists, and biologists. This multi-disciplinary volume examines the broad use of alcohol in the human lineage and its wider relationship to social contexts such as feasting, sacred rituals, and social bonding. Alcohol abuse is a small part of a much more complex and social pattern of widespread alcohol use by humans. This alone should prompt us to explore the evolutionary origins of this ancient practice and the socially functional reasons for its continued popularity. The objectives of this volume are: (1) to understand how and why nonhuman primates and other animals use alcohol in the wild, and its relevance to understanding the social consumption of alcohol in humans; (2) to understand the social function of alcohol in human prehistory; (3) to understand the sociocultural significance of alcohol across human societies; and (4) to explore the social functions of alcohol

consumption in contemporary society. 'Alcohol in Humans' will be fascinating reading for those in the fields of biology, psychology, anthropology, archaeology, as well as those with a broader interest in addiction.

The intellectual currents of our day are just too strong for simplistic responses. In Hard Questions, Real Answers, William Lane Craig doesn't offer trite phrases or pat answers-he offers honest insights gained from a life of study and ministry. Readers in the midst of doubt and confusion will find real answers to these perplexing questions and learn to stand on the only sure foundation for hope-God Himself. *Laboratory Life* - Bruno Latour 2013-04-04  
This highly original work presents laboratory science in a deliberately skeptical way: as an anthropological approach to the culture of the scientist. Drawing on recent work in literary criticism, the authors study how the social world

of the laboratory produces papers and other "texts," and how the scientific vision of reality becomes that set of statements considered, for the time being, too expensive to change. The book is based on field work done by Bruno Latour in Roger Guillemin's laboratory at the Salk Institute and provides an important link between the sociology of modern sciences and laboratory studies in the history of science.

**Trust** - Osho 2017-05-02

In Trust, the eleventh volume in the Insights for

a New Way of Living series, Osho helps readers re-evaluate the idea of trust. We live in times where trust in old institutions and their relevance to our lives have evaporated. Religions, ideologies, political systems, morals, family, marriages--none of these traditional institutions are working anymore. Osho's insight is that the institutions of the past have used the false substitutes of "belief" and "faith" as control mechanisms of society. Whereas authentic trust comes from within, belief systems are imposed from the outside by religious and social institutions. Osho encourages readers to rediscover and reclaim the innate trust that is born with each individual. No more demands to trust in an "other." No more faith and belief, with their demands that we drop all questioning and doubt, but rather a willingness to honor our questions and doubts so fully that they will lead us to our unique, authentic, and individual truth.

"There are beautiful and wild forces within us." With these words, the mystic St. Francis described what ancient traditions believed was the most powerful force in the universe - the power of prayer. For more than 20 years, Gregg Braden has searched for evidence of a forgotten form of prayer that was lost to the West following the biblical edits of the early Christian Church. In the 1990s, he found and documented this form of prayer still being used in the remote monasteries of central Tibet. He also found it practiced in sacred rites throughout the high deserts of the American Southwest. In this book,

Braden describes this ancient form of prayer that has no words or outward expressions. Then, for the first time in print, he leads us on a journey exploring what our most intimate experiences tell us about our deepest beliefs. Through case histories and personal accounts, Braden explores the wisdom of these timeless secrets, and the power that awaits each of us . . . just beyond our deepest hurt!

Sometimes, when you need a change in your life, the tide just happens to pull you in the right direction... Ellis, Julia, and Dorie. Best friends since Catholic grade school, they now find themselves, in their mid-thirties, at the crossroads of life and love. Ellis, recently fired from a job she gave everything to, is rudderless and now beginning to question the choices she's made over the past decade of her life. Julia-- whose caustic wit covers up her wounds--has a man who loves her and is offering her the world, but she can't hide from how deeply insecure she feels about her looks, her brains, her life. And Dorie has just been shockingly betrayed by the man she loved and trusted the most in the world...though this is just the tip of the iceberg

of her problems and secrets. A month in North Carolina's Outer Banks is just what they each of them needs. Ty Bazemore is their landlord, though he's hanging on to the rambling old beach house by a thin thread. After an inauspicious first meeting with Ellis, the two find themselves disturbingly attracted to one another, even as Ty is about to lose everything he's ever cared about. Maryn Shackleford is a stranger, and a woman on the run. Maryn needs just a few things in life: no questions, a good hiding place, and a new identity. Ellis, Julia, and

Dorie can provide what Maryn wants; can they also provide what she needs? Mary Kay Andrews' novel is the story of five people questioning everything they ever thought they knew about life. Five people on a journey that will uncover their secrets and point them on the path to forgiveness. Five people who each need a sea change, and one month in a summer rental that might just give it to them. *Summer Rental* is one of Library Journal's Best Women's Fiction Books of 2011
