A Pho Love Story - Loan Le 2021-02-09

"Will leave readers swooning." —PopSugar
When Dimple Met Rishi meets Ugly Delicious in this funny, smart romantic comedy, in which two Vietnamese American teens fall in love and must navigate their newfound relationship amid their families' age-old feud about their competing, neighboring restaurants. If Bao Nguyen had to describe himself, he'd say he was a rock. Steady and strong, but not particularly interesting. His grades are average, his social status unremarkable. He works at his parents' pho restaurant, and even there, he is his parents' fifth favorite employee. Not ideal. If Linh Mai had to describe herself, she'd say she was a firecracker. Stable when unlit, but full of potential for joy and fire. She loves art and dreams pursuing a career in it. The only problem? Her parents rely on her in ways they're not willing to admit, including working practically full-time at her family's pho restaurant. For years, the Mais and the Nguyens have been at odds, having owned competing, neighboring pho restaurants. Bao and Linh, who've avoided each other for most of their lives, both suspect that the feud stems from feelings much deeper than friendly competition. But then a chance encounter brings Linh and

Bao in the same vicinity despite their best efforts and sparks fly, leading them both to wonder what took so long for them to connect. But then, of course, they immediately remember. Can Linh and Bao find love in the midst of feuding families and complicated histories?

All the Beloved Ghosts - Alison MacLeod 2017-03-09

SHORTLISTED FOR THE 2017 GOVERNOR GENERAL'S LITERARY AWARDS Acutely observed, evocative collection of short stories

from the Man Booker Prize-longlisted author of *Unexploded*, blending fiction, biography and memoir *Hovering on the border of life and death*, these stories form a ground-shifting collection, taking us into history, literature and the hidden lives of iconic figures. In 1920s Nova Scotia, as winter begins to thaw, a woman emerges from mourning and wears a new fur coat to a dance that will change everything. A teenager searches for his lover on a charged summer evening in 2011, as around him London erupts in anger. A cardiac specialist lingers on the edge of consciousness as he awaits a new heart - and is transported to an attic room half a century ago. In an ancient Yorkshire churchyard, the author visits Sylvia Plath's grave and makes an unexpected connection across time. On a trip to Brighton, reluctant jihadists face the ultimate spiritual test. And at Charleston, Angelica Garnett, child of the Bloomsbury Group, is overcome by the past, all the beloved ghosts that spring to life before her eyes. Precise, playful and evocative, these exquisitely crafted stories explore memory, the media and mortality, unfolding at the line between reality and fiction. Written with vigorous intelligence and delicate insight, this collection captures the surprising joys, small tragedies and profound truths of existence.
