Edible Seashore - John Wright 2018-02-22

In the fifth of the River Cottage Handbook series, John Wright reveals the rich pickings to be had on the seashore - and the team at River Cottage explain how to cook them to perfection. For the forager, the seashore holds surprising culinary potential. In this authoritative,

witty book John Wright takes us on a trip to the seaside. But before introducing us to the various species to be harvested, he touches on such practicalities as conservation and the ethics of foraging; safety from tides, rocks and food poisoning; the law and access to the shore, our right to fish, landing sizes and seasons; and equipment such as nets, pots and hooks. Next comes the nitty-gritty: all the main British seashore species that one might be tempted to eat. The conservation status, taste and texture, availability, seasonality, habitat, collecting technique and biology of each species is covered; there are also quite a few gratuitous but fascinating diversions. The species covered include crustacea (brown shrimp, common crab, lobster, prawn, shore crab, spider crab, squat lobster, velvet swimming crab); molluscs (clams, cockle, dog whelk, limpet, mussel, oyster, razor clam, winkle); mushrooms; plants (alexanders, babbington's orache, fennel, frosted orache,

marsh samphire, perennial wall rocket, rock samphire, sea beet, sea buckthorn, sea holly, sea kale, sea purslane, sea rocket, spear-leaved orache, wild cabbage, wild thyme); and seaweed (carragheen, dulse, gut weed, laver, pepper dulse, sea lettuce, sugar kelp, kelp). Finally, there are thirty brilliant recipes. Introduced by Hugh Fearnley-Whittingstall, *Edible Seashore* is destined to join the other handbooks in the series as an indispensable household reference.

In Battle for Peace - William Edward Burghardt Du Bois
2014-02-20

W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later

acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

The Complete Saki - Saki

1998-05-01

The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist

of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Althusser and Law - Laurent de Sutter 2013-03-05

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained

consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Milk Production and Processing - C. Ibraheem Kutty
2014-01-01

The book covers various aspects of dairying and milk products such as dairy farm establishment, management, production and utilisation of various dairy products. Information has been included on various aspects of dairy farming starting with selection and purchase of dairy cattle, their care and management, with respect to housing, feeding, breeding and health care during various physiological states such as growth, pregnancy and lactation and during different seasons. Details of health care management along with

common diseases have been covered with all information required for educated farmers and technicians working in these areas. Various means for consistent improvement of the stock has also been included. Production of clean milk, its procurement, processing and distribution has been covered with more emphasis on common processing technologies such as pasteurisation and sterilisation. Different forms of liquid milk available in the market has been described along with its standards and other specifications for the knowledge of common man and technicians. Manufacturing methods of milk products have been included with appropriate flow chart wherever required and various categories of milk products have been covered in detail under different chapters under milk products. This book has been prepared with emphasis on second year syllabus of Vocational higher secondary course on milk products and dairying and considering the lack of a

suitable textbook for this subject. Hence the book is expected to fill the gap of a textbook for the above said and similar courses. Also the book may be accepted as a textbook/manual for educated farmers, other teaching and training programmes covering similar syllabus like that of dairy farm instructors and as a handbook for Veterinary Students and Dairy Extension Officers. With these introductory notes, we presume that the book will satisfy its readers' requirements and form a valuable textbook/reference book for all those concerned with dairy animal production and utilisation of their products ultimately benefiting the farming community.

Mythology - Mary Frances Budzik 2014

Introduces ancient Greek, Norse, Egyptian, and Roman mythologies, including Zeus, father of the Greek gods, Norse Freyja, goddess of love, beauty, war, and death, and Egyptian Bastet, goddess of cats.

Hav - Jan Morris 2011-08-30

A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis,

part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

Rules for Reformers -

Douglas Wilson 2014-12-02

In *Rules for Reformers*, Douglas Wilson poaches the political craft of radical progressives and applies it to Christian efforts in the current culture war. The result is a spicy blend of combat manual and cultural manifesto. *Rules for Reformers* is a little bit proclamation of grace, a little bit *Art of War*, and a little bit analysis of past embarrassments and current cowardice, all mixed together with a bunch of advanced knife-fighting techniques. As motivating as it is provocative, *Rules for Reformers* is just plain good to read. Thanks to Saul Alinsky's *Rules for Radicals: A Practical Primer for Realistic Radicals*--a book well-beloved by Barack Obama, Hillary Clinton, and many others--for much of the shrewd advice, and for none of the

worldview.

Disciple IV - Abingdon Press 2005-05

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome,

sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video

is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama.
