**The American Government** - Karen O'Connor 2001-07-01

Updated to include the historic 2000 Presidential election and its aftermath, this title provides students with an introduction to the subject.

*Principles and Practice of American Politics: Classic and Contemporary Readings, 5th Edition* - Samuel Kernell 2012-07-17

This collection examines the strategic behavior of key players in American politics from the Founding Fathers to the Super PACs, by showing that political actors, though motivated by their own interests, are governed by the Constitution, the law, and institutional rules, as well as influenced by the strategies of others.

*Global Trends 2030* - Office of the Director of National Intelligence Council 2017-03-11

This publication covers global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. NIC 2012-001. Several innovations are included in Global Trends 2030, including: a review of the four previous Global Trends reports, input from academic and other experts around the world, coverage of disruptive technologies, and a chapter on the potential trajectories for the US role in the international system and the possible the impact on future international relations. Table of Contents: Introduction 1 Megatrends 6 Individual Empowerment 8 Poverty Reduction 8 An Expanding Global Middle Class 8 Education and the Gender Gap 10 Role of Communications Technologies 11 Improving Health 11 A MORE CONFLICTED IDEOLOGICAL LANDSCAPE 12 Diffusion of Power 15 THE RISE AND FALL OF COUNTRIES: NOT THE SAME OLD STORY 17 THE LIMITS OF HARD POWER IN THE WORLD OF 2030 18 Demographic Patterns 20 Widespread Aging 20 Shrinking Number of Youthful Countries 22 A New Age of Migration 23 The World as Urban 26 Growing Food, Water, and Energy Nexus 30 Food, Water, and Climate 30 A Brighter Energy Outlook 34 Game-Changers 38 The Crisis-Prone Global Economy 40 The Plight of the West 40 Crunch Time Too for the Emerging Powers 43 A Multipolar Global Economy: Inherently More Fragile? 46 The Governance Gap 48 Governance Starts at Home: Risks and Opportunities 48 INCREASED FOCUS ON EQUALITY AND OPENNESS 53 NEW GOVERNMENTAL FORMS 54 A New Regional Order? 55 Global Multilateral Cooperation 55 The Potential for Increased Conflict 59 INTRASTATE CONFLICT: CONTINUED DECLINE 59 Interstate Conflict: Chances Rising 61 Wider Scope of Regional Instability 70 The Middle East: At a Tipping Point 70 South Asia: Shocks on the Horizon 75 East Asia: Multiple Strategic Futures 76 Europe: Transforming Itself 78 Sub-Saharan Africa: Turning a Corner by 2030? 79 Latin America: More Prosperous but Inherently Fragile 81 The Impact of New Technologies 83 Information Technologies 83 AUTOMATION AND MANUFACTURING TECHNOLOGIES 87 Resource Technologies 90 Health Technologies 95 The Role of the United States 98 Steady US Role 98 Multiple Potential Scenarios for the United States' Global Role 101 Alternative Worlds 107 Stalled Engines 110 FUSION 116 Gini-out-of-the-Bottle 122 Nonstate World 128 Acknowledgements 134 GT2030 Blog References 137 Audience: Appropriate for anyone, from

This publication helps anticipate where the world will be: socially, politically, technologically, and culturally over the next few decades. Keywords: Global Trends 2030 Alternative Worlds, global trends 2030, Global Trends series, National Intelligence Council, global trajectories, global megatrends, geopolitics, geopolitical changes

**The Federalist Papers** - Alexander Hamilton 2009-04-28

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

[American Government 2012](#) - Karen O'Connor 2012-12-21

Understand American politics from past to present American Government: Roots and Reform, 2012 Election Edition explores how the origins of American government affect the issues facing the United States today. This bestselling text offers the strongest coverage of history and current events. This approach encourages students to study present political structures and behaviors in full constitutional and historical context. The text helps students learn how our government evolved and how they can become more informed citizens. Most importantly, it encourages them to discover that politics can be-and most often is-a good thing. This text features full integration with the New MyPoliSciLab. MyPoliSciLab includes a wide array of resources to encourage students to look at American politics like a political scientist and analyze current political issues. Political Explorer lets students play the role of a political scientist by investigating issues through interactive data. Core Concept videos discuss the big ideas in each chapter and apply them to key political issues. Simulations allow students to experience how political leaders make decisions. A better teaching and learning experience This program provides a better teaching and learning experience-for you and your students. Here's how: Personalize Learning-The New MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. MyPoliSciLab is now compatible with BlackBoard! Engage Students-The stunning visual design engages students in the text. Improve Critical Thinking- Learning objectives in every chapter help students focus on important topics. Analyze Current Events-Coverage of the 2012 elections keeps the study of politics relevant and shows how political scientists look at the development of the American political system. Support Instructors- A full supplements package including the Class Preparation Tool in the New MyPoliSciLab is available.

[Upending American Politics](#) - Theda Skocpol 2020-01-07

The election of Barack Obama in 2008 was startling, as was the victory of Donald Trump eight years later.

Because both presidents were unusual and gained office backed by Congresses controlled by their own parties, their elections kick-started massive counter-movements. The Tea Party starting in 2009 and the "resistance" after November 2016 transformed America's political landscape. *Upending American Politics* offers a fresh perspective on recent upheavals, tracking the emergence and spread of local voluntary citizens' groups, the ongoing activities of elite advocacy organizations and consortia of wealthy donors, and the impact of popular and elite efforts on the two major political parties and candidate-led political campaigns. Going well beyond national surveys, Theda Skocpol, Caroline Tervo, and their contributors use organizational documents, interviews, and local visits to probe changing organizational configurations at the national level and in swing states. This volume analyzes conservative politics in the first section and progressive responses in the second to provide a clear overview of US politics as a whole. By highlighting evidence from the state level, it also reveals the important interplay of local and national trends.

**United States Government** - Holt Mcdougal 2011-03

Presents relevant standards-based content that targets student interest to stimulate and encourage learning. Includes case studies, thought-provoking questions, and simulations, and develops 21st century skills in students so that they can apply what they learn and participate as effective and responsible citizens.

**It's Even Worse Than It Looks** - Thomas E. Mann 2016-04-05

Hyperpartisanship is as old as American democracy. But now, acrimony is not confined to a moment; it's a permanent state of affairs and has seeped into every part of the political process. Identifying the overriding problems that have led Congress—and the United States—to the brink of institutional collapse, *It's Even Worse Than It Looks* profoundly altered the debate about why America's government has become so dysfunctional. Through a new preface and afterword, Thomas Mann and Norman Ornstein bring the story forward, examining the 2012 presidential campaign and exploring the prospects of a less dysfunctional government. As provocative and controversial as ever, *It's Even Worse Than It Looks* will continue to set the terms of our political debate in the years to come.

*The Politics Industry* - Katherine M. Gehl 2020-06-23

Our political system in America is broken, right? Wrong. The truth is, the American political system is working exactly how it is designed to work, and it isn't designed or optimized today to work for us—for ordinary citizens. Most people believe that our political system is a public institution with high-minded principles and impartial rules derived from the Constitution. In reality, it has become a private industry dominated by a textbook duopoly—the Democrats and the Republicans—and plagued and perverted by unhealthy competition between the players. Tragically, it has therefore become incapable of delivering solutions to America's key economic and social challenges. In fact, there's virtually no connection between our political leaders solving problems and getting reelected. In *The Politics Industry*, business leader and path-breaking political innovator Katherine Gehl and world-renowned business strategist Michael Porter take a radical new approach. They ingeniously apply the tools of business analysis—and Porter's distinctive Five Forces framework—to show how the political system functions just as every other competitive industry does, and how the duopoly has led to the devastating outcomes we see today. Using this competition lens, Gehl and Porter identify the most powerful lever for change—a strategy comprised of a clear set of choices in two key areas: how our elections work and how we make our laws. Their bracing assessment and practical recommendations cut through the endless debate about various proposed fixes, such as term limits and campaign finance reform. The result: true political innovation. *The Politics Industry* is an original and completely nonpartisan guide that will open your eyes to the true dynamics and profound challenges of the American political system and provide real solutions for reshaping the system for the benefit of all. THE INSTITUTE FOR POLITICAL INNOVATION The authors will donate all royalties from the sale of this book

to the Institute for Political Innovation.

**Freedom in the World 2018** - Freedom House 2019-01-31

Freedom in the World is the standard-setting comparative assessment of global political rights and civil liberties. The methodology of this survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories.

**Global Trends 2040** - National Intelligence Council 2021-03

"The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

**American Government 3e** - Glen Krutz 2021-07-28

**Social Media and Democracy** - Nathaniel Persily 2020-09-03

Over the last five years, widespread concern about the effects of social media on democracy has led to an explosion in research from different disciplines and corners of academia. This book is the first of its kind to take stock of this emerging multi-disciplinary field by synthesizing what we know, identifying what we do not know and obstacles to future research, and charting a course for the future inquiry. Chapters by leading scholars cover major topics - from disinformation to hate speech to political advertising - and situate recent developments in the context of key policy questions. In addition, the book canvasses existing reform proposals in order to address widely perceived threats that social media poses to democracy. This title is also available as Open Access on Cambridge Core.

**Dark Money** - Jane Mayer 2017-01-24

NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of *The Dark Side*, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump's victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats—headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

Please place your book order with the bookstore as soon as possible to ensure timely delivery. Please allow 2-4 weeks for your book to print. Additional time is required for outside content and/or packaging with other components.

**The Basics of American Government** - Carl D. Cavalli 2013-08-06

*The Basics of American Government* is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

**American Amnesia** - Jacob S. Hacker 2016-03-29

A “provocative” (Kirkus Reviews), timely, and topical work that examines what’s good for American business and what’s good for Americans—and why those interests are misaligned. In *American Amnesia*, bestselling political scientists Jacob S. Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America’s prosperity. We have largely forgotten this reliance, as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was. “*American Amnesia*” is more than a rhetorical phrase; elites have literally forgotten, or at least forgotten to talk about, the essential role of public authority in achieving big positive-sum bargains in advanced societies. The mixed economy was the most important social innovation of the twentieth century. It spread a previously unimaginable level of broad prosperity. It enabled steep increases in education, health, longevity, and economic security. And yet, extraordinarily, it is anathema to many current economic and political elites. Looking at this record of remarkable accomplishment, they recoil in horror. And as the advocates of anti-government free market fundamentalist have gained power, they are hell-bent on scrapping the instrument of nearly a century of unprecedented economic and social progress. In the *American Amnesia*, Hacker and Pierson explain the full “story of how government helped make America great, how the enthusiasm for bashing government is behind its current malaise, and how a return to effective government is the answer the nation is looking for” (The New York Times).

Congressional Record - United States. Congress 1967

**How Canadians Govern Themselves** - Eugene Alfred Forsey 1993

Explores Canada's parliamentary system from the decisions made by the Fathers of Confederation, to the daily work of Members of Parliament in the Commons and Senate chambers. Also contains useful information on Canada's constitution, the judicial system and provincial and municipal powers.

*Christianity and the Constitution* - John Eidsmoe 1995-08-01

Using the writings of the founders and records of their conversations and activities, John Eidsmoe demonstrates the influence of Christianity on the political convictions of the founding fathers.

**The Fifth Risk** - Michael Lewis 2018-10-02

New York Times Bestseller What are the consequences if the people given control over our government have no idea how it works? "The election happened," remembers Elizabeth Sherwood-Randall, then deputy secretary of the Department of Energy. "And then there was radio silence." Across all departments, similar stories were playing out: Trump appointees were few and far between; those that did show up were shockingly uninformed about the functions of their new workplace. Some even threw away the briefing books that had been prepared for them. Michael Lewis's brilliant narrative takes us into the engine rooms of a government under attack by its own leaders. In Agriculture the funding of vital programs like food stamps and school lunches is being slashed. The Commerce Department may not have enough staff to conduct the 2020 Census properly. Over at Energy, where international nuclear risk is managed, it's not clear there will be enough inspectors to track and locate black market uranium before terrorists do. Willful ignorance plays a role in these looming disasters. If your ambition is to maximize short-term gains without regard to the long-term cost, you are better off not knowing those costs. If you want to preserve your personal immunity to the hard problems, it's better never to really understand those problems. There is upside to ignorance, and downside to knowledge. Knowledge makes life messier. It makes it a bit more difficult for a person who wishes to shrink the world to a worldview. If there are dangerous fools in this book, there are also heroes, unsung, of course. They are the linchpins of the system--those public servants whose knowledge, dedication, and proactivity keep the machinery running. Michael Lewis finds them, and he asks them what keeps them up at night.

[American Government](#) - Glen Krutz 2017-12-30

*American Government* is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The images in this textbook are grayscale.

*Party Ballots, Reform, and the Transformation of America's Electoral System* - Erik J. Engstrom 2014-10-27

This book explores the fascinating and puzzling world of nineteenth- and early twentieth-century American elections. It examines the strategic behavior of nineteenth-century party politicians and shows how their search for electoral victory led them to invent a number of remarkable campaign practices. Why were parties dedicated to massive voter mobilization? Why did presidential nominees wage front-porch campaigns? Why did officeholders across the country tie their electoral fortunes to the popularity of presidential candidates at the top of the ticket? Erik J. Engstrom and Samuel Kernell demonstrate that the defining features of nineteenth-century electoral politics were the product of institutions in the states that prescribed how votes were cast and how those votes were converted into political offices. Relying on a century's worth of original data, this book uncovers the forces propelling the nineteenth-century electoral system, its transformation at the end of the nineteenth century, and the implications of that transformation for modern American politics.

[American Government](#) - Karen O'Connor 2017-01-19

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. *Understand American politics from past to present American Government: Roots and Reform - 2015 Presidential Election 13/e* helps students view the issues facing the United States today through an historical lens. By presenting coverage of the origins of American government in tandem with material on contemporary political structures and behaviors, the authors help students see how what happened in the past can be used to understand what measures should be taken in the future. In order to boost student engagement with key concepts, the 2016 Presidential Election Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data.

Dollarocracy - John Nichols 2013-06-11

Fresh from the first 10 billion election campaign, two award-winning authors show how unbridled campaign spending defines our politics and, failing a dramatic intervention, signals the end of our democracy. Blending vivid reporting from the 2012 campaign trail and deep perspective from decades covering American and international media and politics, political journalist John Nichols and media critic Robert W. McChesney explain how US elections are becoming controlled, predictable enterprises that are managed by a new class of consultants who wield millions of dollars and define our politics as never before. As the money gets bigger—especially after the Citizens United ruling—and journalism, a core check and balance on the government, declines, American citizens are in danger of becoming less informed and more open to manipulation. With groundbreaking behind-the-scenes reporting and staggering new research on “the money power,” Dollarocracy shows that this new power does not just endanger electoral politics; it is a challenge to the DNA of American democracy itself.

**The Democratic Wish** - James A. Morone 1998-01-01

This text reinterprets more than 200 years of American political history as the interplay between the public's dread of government power and its yearning for communal democracy. The revised edition includes a new final chapter on contemporary populism, government bashing and democratic wishes.

*Global Trends 2030* - National Intelligence Council (U.S.) 2012

This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

**Essentials of American Government** - Karen O'Connor 2012-12-21

Understand American politics from past to present Essentials of American Government: Roots and Reform, 2012 Election Edition explores how the origins of American government affect the issues facing the United States today. *The Paranoid Style in American Politics* - Richard Hofstadter 2008-06-10

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of ‘Coin’ Harvey” and “What Happened to the Antitrust Movement?”, *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.
