*Proselytization Revisited* - Rosalind I. J. Hackett  
2014-12-05

The act of converting people to certain beliefs or values is highly controversial in today's postcolonial, multicultural world. Proselytization has been viewed by some as an aggressive act of

political domination. 'Proselytization Revisited' offers a comprehensive overview of the many arguments for and against proselytization in different regions and contexts. Proselytization is examined in the context of rights talk, globalisation and culture wars. The volume

brings together essays demonstrating the global significance of proselytization, ranging from Christians in India to Turkish Islamic Movements and the Wiccan use of modern media technologies. The cross-cultural and multidisciplinary nature of this collection of essays provides a fresh perspective and the book will be of value to readers interested in the dynamic interaction of beliefs, ideas and cultures.

**The Social Cancer** - Jose Rizal 2009-06-01  
Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

The Foods of Jose Rizal - Felice Prudente Sta. Maria 2017-11-09

What did Jose Rizal eat? What food did he write about? Did he hunger for bagoong or mango jam while overseas? This book shares stories collected from Rizal's autobiography, works penned by him, biographies written about him by admirers, interviews of people who knew him, and accounts written about the Philippines, Europe, and Hong Kong during his lifetime. As it gives glimpses into the man's everyday life, this little tome reveals sacrifices made to keep patriotic advocacies his priority. Rizal's nobleness and supreme sacrifice for his love of Filipinas becomes all the more worthy of never-

ending praise.

*Political Messaging in Music and Entertainment Spaces across the Globe. Volume 1.* - Uche Onyebadi 2022-09-06

'Political Messaging in Music and Entertainment Spaces across the Globe' uniquely expands the frontiers of political communication by simultaneously focusing on content (political messaging) and platform (music and entertainment). As a compendium of valuable research work, it provides rich insights into the construction of political messages and their dissemination outside of the traditional and mainstream structural, process and behavioral research focus in the discipline. Researchers, teachers, students and other interested parties in political communication, political science, journalism and mass communication, sociology, music, languages, linguistics and the performing

arts, communication studies, law and history, will find this book refreshingly handy in their inquiry. Furthermore, this book was conceptualized from a globalist purview and offers readers practical insights into how political messaging through music and entertainment spaces actually work across nation-states, regions and continents. Its authenticity is also further enhanced by the fact that most chapter contributors are scholars who are natives of their areas of study, and who painstakingly situate their work in appropriate historical contexts.

*Republicanism, Communism, Islam* - John T. Sidel 2021-05-15

In *Republicanism, Communism, Islam*, John T. Sidel provides an alternate vantage point for understanding the variegated forms and trajectories of revolution across the Philippines, Indonesia, and Vietnam, a perspective that is denationalized, internationalized, and transnationalized. Sidel positions this new

vantage point against the conventional framing of revolutions in modern Southeast Asian history in terms of a nationalist template, on the one hand, and distinctive local cultures and forms of consciousness, on the other. Sidel's comparative analysis shows how—in very different, decisive, and often surprising ways—the Philippine, Indonesian, and Vietnamese revolutions were informed, enabled, and impelled by diverse cosmopolitan connections and international conjunctures. Sidel addresses the role of Freemasonry in the making of the Philippine revolution, the importance of Communism and Islam in Indonesia's Revolusi, and the influence that shifting political currents in China and anticolonial movements in Africa had on Vietnamese revolutionaries. Through this assessment, *Republicanism, Communism, and Islam* tracks how these forces, rather than nationalism per se, shaped the forms of these revolutions, the ways in which they unfolded, and the legacies which they left in their wakes.

**El Filibusterismo** - Jose Rizal 2011-05-31

In the spirit of *The Count of Monte Cristo* and *Les Misérables*, a major new translation-José Rizal's stunning continuation of *Noli Me Tangere*. José Rizal was one of the leading champions of Filipino nationalism and independence. His masterpiece, *Noli Me Tangere*, is widely considered to be the foundational novel of the Philippines. In this riveting continuation, which picks up the story thirteen years later, Rizal departs from the *Noli's* themes of innocent love and martyrdom to present a gripping tale of obsession and revenge. Clearly demonstrating Rizal's growth as a writer, and influenced by his exposure to international events, *El Filibusterismo* is a thrilling and suspenseful account of Filipino resistance to colonial rule that still resonates today. **Salinas** - Carol Lynn McKibben 2022-01-25  
An ambitious history of a California city that epitomizes the history of race relations in modern America. Although much has been written about the urban-rural divide in America, the city of Salinas, California, like so many other places in the state and nation whose economies are based on agriculture, is at once rural and urban. For generations, Salinas has been associated with migrant farmworkers from different racial and ethnic groups. This broad-ranging history of "the Salad Bowl of the World" tells a complex story of community-building in a

multiracial, multiethnic city where diversity has been both a cornerstone of civic identity and, from the perspective of primarily white landowners and pragmatic agricultural industrialists, essential for maintaining the local workforce. Carol Lynn McKibben draws on extensive original research, including oral histories and never-before-seen archives of local business groups, tracing Salinas's ever-changing demographics and the challenges and triumphs of Chinese, Japanese, Filipino, and Mexican immigrants, as well as Depression-era Dust Bowl migrants and white ethnic Europeans. McKibben takes us from Salinas's nineteenth-century beginnings as the economic engine of California's Central Coast up through the disproportionate impact of Covid-19 on communities of color today, especially farmworkers who already live on the margins. Throughout the century-plus of Salinas history that McKibben explores, she shows how the political and economic stability of Salinas rested

on the ability of nonwhite minorities to achieve a measure of middle-class success and inclusion in the cultural life of the city, without overturning a system based in white supremacy. This timely book deepens our understanding of race relations, economic development, and the impact of changing demographics on regional politics in urban California and in the United States as a whole.

**Filipino Americans** - Maria P. P. Root  
1997-05-20

When Asian Americans are discussed in the media the reference is often to people of Chinese or Japanese descent. However, the largest Asian American ethnic group is Filipino, a group of which little is known or written despite its long-standing history with the United States. This interdisciplinary analysis rectifies this dearth of information by addressing ethnic identity, the impact of different colonizations on ethnic identity, personal and family relationships, mental health, race, and racism. In addition, the

sociopolitical context is examined in each chapter, making the volume useful as a foundational tool for hypothesis generation, empirical research, policy analysis and planning, and literature review.

**Queering the Global Filipina Body** - Gina K. Velasco 2020-11-16

Contemporary popular culture stereotypes Filipina women as sex workers, domestic laborers, mail order brides, and caregivers. These figures embody the gendered and sexual politics of representing the Philippine nation in the Filipina/o diaspora. Gina K. Velasco explores the tensions within Filipina/o American cultural production between feminist and queer critiques of the nation and popular nationalism as a form of resistance to neoimperialism and globalization. Using a queer diasporic analysis, Velasco examines the politics of nationalism within Filipina/o American cultural production to

consider an essential question: can a queer and feminist imagining of the diaspora reconcile with gendered tropes of the Philippine nation?

Integrating a transnational feminist analysis of globalized gendered labor with a consideration of queer cultural politics, Velasco envisions forms of feminist and queer diasporic belonging, while simultaneously foregrounding nationalist movements as vital instruments of struggle. *Rizal & the Dev. **Jose Rizal** - Lisandro E. Claudio 2018-10-30  
The global history of liberalism has paid too much attention to the West, neglecting the contributions of liberals from colonial nations. This book mines the thought of Filipino

propagandist and novelist, Jose Rizal, to present a vision of liberalism for the colonized. It is both an introduction to Rizal and a treatise on rights, freedom, and tyranny in colonial contexts.

Though a work on history, it responds to the illiberal present of rising authoritarianism and populism.

*Mi Ultimo Adiós* - José Rizal 2006

**A History of the Philippines** - Renato Constantino 1975

Unlike other conventional histories, the unifying thread of *A History of the Philippines* is the struggle of the peoples themselves against various forms of oppression, from Spanish conquest and colonization to U.S. imperialism. Constantino provides a penetrating analysis of the productive relations and class structure in the Philippines, and how these have shaped—and been shaped by—the role of the Filipino people in the making of their own history. Additionally, he challenges the dominant

views of Spanish and U.S. historians by exposing the myths and prejudices propagated in their work, and, in doing so, makes a major breakthrough toward intellectual decolonization. This book is an indispensable key to the history of conquest and resistance in the Philippine.

**Noli Me Tangere (Touch Me Not)** - Jose Rizal  
2006-06-27

The great novel of the Philippines In more than a century since its appearance, José Rizal's Noli Me Tangere has become widely known as the great novel of the Philippines. A passionate love story set against the ugly political backdrop of repression, torture, and murder, "The Noli," as it is called in the Philippines, was the first major artistic manifestation of Asian resistance to European colonialism, and Rizal became a guiding conscience—and martyr—for the revolution that would subsequently rise up in the Spanish province. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.
