

Give Me Liberty Eric Foner Ebook

Right here, we have countless book **Give Me Liberty Eric Foner Ebook** and collections to check out. We additionally meet the expense of variant types and afterward type of the books to browse. The customary book, fiction, history, novel, scientific research, as well as various other sorts of books are readily to hand here.

As this Give Me Liberty Eric Foner Ebook , it ends in the works monster one of the favored book Give Me Liberty Eric Foner Ebook collections that we have. This is why you remain in the best website to see the amazing books to have.

Western Civilizations - Joshua Cole 2019-09-16

Used by more than a million students since its original publication, *Western Civilizations* became the leading text for the course by combining historical scholarship with classroom innovation. Master scholars/teachers Joshua Cole and Carol Symes enhance coverage of the West in a global context with a new focus on migration and nationalism. Dynamic digital resources, including award-winning InQuizitive activities and new History Skills Tutorials for every chapter, guide students from basic content understanding to analysis and interpretation.

Give Me Liberty! An American History - Foner, Eric 2013-10-15

Clear, concise, integrated, and up-to-date, *Give Me Liberty!* is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Fourth Edition features stronger coverage of American religion and a reinforced pedagogical program aimed at fostering effective reading and study skills. The Seagull Edition includes the full text of the regular edition in a compact volume, for an affordable price.

The Fiery Trial: Abraham Lincoln and American Slavery - Eric Foner 2011-09-26

“A masterwork [by] the preeminent historian of the Civil War era.”—Boston Globe Selected as a Notable Book of the Year by the New York Times Book Review, this landmark work gives us a definitive account of Lincoln's lifelong engagement with the nation's critical issue: American slavery. A master historian, Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln, a pragmatic politician grounded in principle, deftly navigating the dynamic politics of antislavery, secession, and civil war. Lincoln's greatness emerges from his capacity for moral and political growth.

America's Black Past -

Voices of Freedom - Eric Foner 2005

Edited by Eric Foner and coordinated with each chapter of the text, this companion to *Give Me Liberty!* includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

Ways and Means - Roger Lowenstein 2022-03-08

“Captivating . . . [Lowenstein] makes what subsequently occurred at Treasury and on Wall Street during the early 1860s seem as enthralling as what transpired on the battlefield or at the White House.” —Harold Holzer, *Wall Street Journal* “Ways and Means, an account of the Union’s financial policies, examines a subject long overshadowed by military narratives . . . Lowenstein is a lucid stylist, able to explain financial matters to readers who lack specialized knowledge.” —Eric Foner, *New York Times Book Review* From renowned journalist and master storyteller Roger Lowenstein, a revelatory financial investigation into how Lincoln and his administration used the funding of the Civil War as the catalyst to centralize the government and accomplish the most far-reaching reform in the country’s history Upon his election to the presidency, Abraham Lincoln inherited a country in crisis. Even before the Confederacy’s secession, the United States Treasury had run out of money. The government had no authority to raise taxes, no federal bank, no currency. But amid unprecedented troubles Lincoln saw opportunity—the chance to legislate in the centralizing spirit of the “more perfect union” that had first drawn him to politics. With Lincoln at the

helm, the United States would now govern “for” its people: it would enact laws, establish a currency, raise armies, underwrite transportation and higher education, assist farmers, and impose taxes for them. Lincoln believed this agenda would foster the economic opportunity he had always sought for upwardly striving Americans, and which he would seek in particular for enslaved Black Americans. Salmon Chase, Lincoln’s vanquished rival and his new secretary of the Treasury, waged war on the financial front, levying taxes and marketing bonds while desperately battling to contain wartime inflation. And while the Union and Rebel armies fought increasingly savage battles, the Republican-led Congress enacted a blizzard of legislation that made the government, for the first time, a powerful presence in the lives of ordinary Americans. The impact was revolutionary. The activist 37th Congress legislated for homesteads and a transcontinental railroad and involved the federal government in education, agriculture, and eventually immigration policy. It established a progressive income tax and created the greenback—paper money. While the Union became self-sustaining, the South plunged into financial free fall, having failed to leverage its cotton wealth to finance the war. Founded in a crucible of anticolonialism, the Confederacy was trapped in a static (and slave-based) agrarian economy without federal taxing power or other means of government financing, save for its overworked printing presses. This led to an epic collapse. Though Confederate troops continued to hold their own, the North’s financial advantage over the South, where citizens increasingly went hungry, proved decisive; the war was won as much (or more) in the respective treasuries as on the battlefields. Roger Lowenstein reveals the largely untold story of how Lincoln used the urgency of the Civil War to transform a union of states into a nation. Through a financial lens, he explores how this second American revolution, led by Lincoln, his cabinet, and a Congress studded with towering statesmen, changed the direction of the country and established a government of the people, by the people, and for the people.

The Radical Reader - Timothy McCarthy 2011-05-10

Radicalism is as American as apple pie. One can scarcely imagine what American society would look like without the abolitionists, feminists, socialists, union organizers, civil-rights workers, gay and lesbian activists, and environmentalists who have fought stubbornly to breathe life into the promises of freedom and equality that lie at the heart of American democracy. The first anthology of its kind, *The Radical Reader* brings together more than 200 primary documents in a comprehensive collection of the writings of America’s native radical tradition. Spanning the time from the colonial period to the twenty-first century, the documents have been drawn from a wealth of sources—speeches, manifestos, newspaper editorials, literature, pamphlets, and private letters. From Thomas Paine’s “Common Sense” to Kate Millett’s “Sexual Politics,” these are the documents that sparked, guided, and distilled the most influential movements in American history. Brief introductory essays by the editors provide a rich biographical and historical context for each selection included.

Free Soil, Free Labor, Free Men - Eric Foner 1995-04-20

Since its publication twenty-five years ago, *Free Soil, Free Labor, Free Men* has been recognized as a classic, an indispensable contribution to our understanding of the causes of the American Civil War. A key work in establishing political ideology as a major concern of modern American historians, it remains the only full-scale evaluation of the ideas of the early Republican party. Now with a new introduction, Eric Foner puts his argument into the context of contemporary scholarship, reassessing the concept of free labor in the light of the last twenty-five years of writing on such issues as work, gender, economic change,

and political thought. A significant reevaluation of the causes of the Civil War, Foner's study looks beyond the North's opposition to slavery and its emphasis upon preserving the Union to determine the broader grounds of its willingness to undertake a war against the South in 1861. Its search is for those social concepts the North accepted as vital to its way of life, finding these concepts most clearly expressed in the ideology of the growing Republican party in the decade before the war's start. Through a careful analysis of the attitudes of leading factions in the party's formation (northern Whigs, former Democrats, and political abolitionists) Foner is able to show what each contributed to Republican ideology. He also shows how northern ideas of human rights--in particular a man's right to work where and how he wanted, and to accumulate property in his own name--and the goals of American society were implicit in that ideology. This was the ideology that permeated the North in the period directly before the Civil War, led to the election of Abraham Lincoln, and led, almost immediately, to the Civil War itself. At the heart of the controversy over the extension of slavery, he argues, is the issue of whether the northern or southern form of society would take root in the West, whose development would determine the nation's destiny. In his new introductory essay, Foner presents a greatly altered view of the subject. Only entrepreneurs and farmers were actually "free men" in the sense used in the ideology of the period. Actually, by the time the Civil War was initiated, half the workers in the North were wage-earners, not independent workers. And this did not account for women and blacks, who had little freedom in choosing what work they did. He goes on to show that even after the Civil War these guarantees for "free soil, free labor, free men" did not really apply for most Americans, and especially not for blacks. Demonstrating the profoundly successful fusion of value and interest within Republican ideology prior to the Civil War, *Free Soil, Free Labor, Free Men* remains a classic of modern American historical writing. Eloquent and influential, it shows how this ideology provided the moral consensus which allowed the North, for the first time in history, to mobilize an entire society in modern warfare.

Tom Paine and Revolutionary America - Eric Foner 2005

'Tom Paine and Revolutionary America' combines a study of the career of the foremost political pamphleteer of the Age of Revolution with a model for the integration of the political, intellectual and social history of the struggle for American independence.

The Reader's Companion to American History - Eric Foner 2014-01-14

An A-to-Z historical encyclopedia of US people, places, and events, with nearly 1,000 entries "all equally well written, crisp, and entertaining" (Library Journal). From the origins of its native peoples to its complex identity in modern times, this unique alphabetical reference covers the political, economic, cultural, and social history of America. A fact-filled treasure trove for history buffs, The Reader's Companion is sponsored by the Society of American Historians, an organization dedicated to promoting literary excellence in the writing of biography and history. Under the editorship of the eminent historians John A. Garraty and Eric Foner, a large and distinguished group of scholars, biographers, and journalists—nearly four hundred contemporary authorities—illuminate the critical events, issues, and individuals that have shaped our past. Readers will find everything from a chronological account of immigration; individual entries on the Bull Moose Party and the Know-Nothings as well as an article on third parties in American politics; pieces on specific religious groups, leaders, and movements and a larger-scale overview of religion in America. Interweaving traditional political and economic topics with the spectrum of America's social and cultural legacies—everything from marriage to medicine, crime to baseball, fashion to literature—the Companion is certain to engage the curiosity, interests, and passions of every reader, and also provides an excellent research tool for students and teachers.

Gateway to Freedom: The Hidden History of the Underground Railroad - Eric Foner 2015-01-19

The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and manufacturers. New York was also home to the

North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.

Give Me Liberty!: An American History Seagull 6E Combined Vol - Foner, Eric 2019-12-01

A powerful text by an acclaimed historian, *Give Me Liberty!* delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion—reinforced by new primary source features in the text and a new secondary source tutorial online—*Give Me Liberty!* strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price.

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

A House Divided - Eric Foner 1991

Assesses the impact of the Civil War

Selling Free Enterprise - Elizabeth A. Fones-Wolf 1994

The post-World War II years in the United States were marked by the business community's efforts to discredit New Deal liberalism and undermine the power and legitimacy of organized labor. In *Selling Free Enterprise*, Elizabeth Fones-Wolf describes how conservative business leaders strove to reorient workers away from their loyalties to organized labor and government, teaching that prosperity could be achieved through reliance on individual initiative, increased productivity, and the protection of personal liberty. Based on research in a wide variety of business and labor sources, this detailed account shows how business permeated every aspect of American life, including factories, schools, churches, and community institutions.

A History of East Asia - Charles Holcombe 2017-01-11

Charles Holcombe begins by asking the question 'what is East Asia?' In the modern age, many of the features that made the region - now defined as including China, Japan, Korea and Vietnam - distinct have

been submerged by the effects of revolution, politics or globalization. Yet, as an ancient civilization, the region had both an historical and cultural coherence. This shared past is at the heart of this ambitious book, which traces the story of East Asia from the dawn of history to the twenty-first century. The second edition has been imaginatively revised and expanded to place emphasis on cross-cultural interactions and connections, both within East Asia and beyond, with new material on Vietnam and modern pop culture. The second edition also features a Chinese character list, additional maps and new illustrations.

Give Me Liberty! - Eric Foner 2017

The Essential Mein Kampf - Adolf Hitler 2019-02-16

New English translation of the classic work by Adolf Hitler. This edition compiles the best, timeliest, and most interesting passages from the original two-volume work. Includes an Introduction, section headings, helpful footnotes, bibliography, and useful index. Dalton's translation will become the standard reference for this famous work.

Before Columbus - Charles C. Mann 2009-09-08

Based on the startling revelations that the author presented in his adult-level 1491: New Revelations of the Americas Before Columbus, this book for young readers is a fascinating full-color journey into the world of the many advanced cultures that populated the Americas before the arrival of European explorers.

The West: A New History - David A Bell 2018-07-01

This beautifully written history recenters the West and rekindles the past in a vivid narrative crafted for beginning students. Grafton and Bell tell the epic story of a West engaged in a continuing search for order across politics, society, and culture, driven by internal tensions and global influences. They deliver the past not as a path to the present but as it was lived at the time, grounded in a balanced, comprehensive, chronological narrative. Combined with rich digital resources to instill practical history skills, The West establishes a dynamic NEW foundation for teaching the Western Civilizations course.

The Modern Temper - Lynn Dumenil 1995

Offers a broad view of American culture during the 1920s, discussing the changing values that ended the repressive Victorian era, the growing importance of pluralism in America's heterogeneous society, and the expansion of federal bureaucracy

Voices of Freedom - Eric Foner 2008

Edited by Eric Foner and coordinated with each chapter of the text, this companion to Give Me Liberty! includes 139 primary-source documents touching on the theme of American freedom.

The Specter of Communism - Melvyn P. Leffler 2011-04-01

The Hill and Wang Critical Issues Series: concise, affordable works on pivotal topics in American history, society, and politics. The Specter of Communism is a concise history of the origins of the Cold War and the evolution of U.S.-Soviet relations, from the Bolshevik revolution to the death of Stalin. Using not only American documents but also those from newly opened archives in Russia, China, and Eastern Europe, Leffler shows how the ideological animosity that existed from Lenin's seizure of power onward turned into dangerous confrontation. By focusing on American political culture and American anxieties about the Soviet political and economic threat, Leffler suggests new ways of understanding the global struggle staged by the two great powers of the postwar era.

American Empire - Joshua Freeman 2013-08-06

A landmark history of postwar America and the second volume in the Penguin History of the United States series, edited by Eric Foner In this momentous work, acclaimed labor historian Joshua B. Freeman presents an epic portrait of the United States in the latter half of the twentieth century, revealing a nation galvanized by change even as conflict seethed within its borders. Beginning in 1945, he charts the astounding rise of the labor movement and its pitched struggle with the bastions of American capitalism in the 1940s and '50s, untangling the complicated threads between the workers' agenda and that of the civil rights and women's movements. Through the lens of civil rights, the Cold War struggle, and the labor movement, American Empire teaches us something profound about our past while illuminating the issues that continue to animate American political discourse today.

History: A Very Short Introduction - John Arnold 2000-02-24

Starting with an examination of how historians work, this "Very Short Introduction" aims to explore history in a general, pithy, and accessible manner, rather than to delve into specific periods.

America: A Narrative History - Shi, David E. 2019-07-01

America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

Give Me Liberty! - Eric Foner 2020-06

The most successful U.S. History textbook, available in a brief edition

The Fight to Vote - Michael Waldman 2022-01-18

On cover, the word "right" has an x drawn over the letter "r" with the letter "f" above it.

Give Me Liberty! - Eric Foner 2019-12-13

The leading U.S. history textbook, with a new focus on "Who is an American?"

Making Sense of the Social World - Daniel F. Chambliss 2018-12-01

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Congratulations to Daniel F. Chambliss, winner of the ASA Distinguished Contribution to Teaching Prize for 2018. The new Sixth Edition of Making Sense of the Social World continues to be an unusually accessible and student-friendly introduction to the variety of social research methods, guiding undergraduate readers to understand research in their roles as consumers and novice producers of social science. Known for its concise, casual, and clear writing, its balanced treatment of quantitative and qualitative approaches, and its integrated approach to the fundamentals, the text has much to offer both novice researchers and more advanced students alike. The authors use a wide variety of examples from formal studies and everyday experiences to illustrate important principles and techniques. Give Me Liberty! - Eric Foner 2017-07

The leading text in the U.S. survey course.

Give Me Liberty! - Eric Foner 2017-07

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

Pillars of the Republic - Carl Kaestle 2011-04-01

Pillars of the Republic is a pioneering study of common-school development in the years before the Civil War. Public acceptance of state school systems, Kaestle argues, was encouraged by the people's commitment to republican government, by their trust in Protestant values, and by the development of capitalism. The author also examines the opposition to the Founding Fathers' educational ideas and shows what effects these had on our school system.

Give Me Liberty! - Eric Foner 2017-07-01

The leading text in the U.S. survey course.

Americas - Peter Winn 2006-01-25

PRAISE FOR THE PREVIOUS EDITIONS: "Rare is the book in English that provides a general overview of Latin America and the Caribbean. Rarer still is the good, topical, and largely dispassionate book that contributes to a better understanding of the rest of the hemisphere. Peter Winn has managed to produce both."—Miami Herald "This magisterial work provides an accessible and engaging introduction to the

complex tapestry of contemporary Latin America and the Caribbean."—Foreign Affairs "A clear, level-headed snapshot of a region in transition.... Winn is most interesting when he discusses the larger issues and to his credit he does this often."—Washington Post Book World "Balanced and wide-ranging.... After canvassing the legacies of the European conquerors, Winn examines issues of national identity and economic development.... Other discussions survey internal migration, the role of indigenous peoples, the complexity of race relations, and the treatment of women." —Publishers Weekly

No Property in Man - Sean Wilentz 2019-09-03

Driving straight to the heart of the most contentious issue in American history, Sean Wilentz argues controversially that, far from concealing a crime against humanity, the U.S. Constitution limited slavery's legitimacy—a limitation which in time inspired the antislavery politics that led to Southern secession, the Civil War, and Emancipation.

Forever Free - Eric Foner 2013-06-26

From one of our most distinguished historians, a new examination of the vitally important years of Emancipation and Reconstruction during and immediately following the Civil War—a necessary reconsideration that emphasizes the era's political and cultural meaning for today's America. In *Forever Free*, Eric Foner overturns numerous assumptions growing out of the traditional understanding of the period, which is based almost exclusively on white sources and shaped by (often unconscious) racism. He presents the period as a time of determination, especially on the part of recently emancipated black Americans, to put into effect the principles of equal rights and citizenship for all. Drawing on a wide range of long-neglected documents, he places a new emphasis on the centrality of the black experience to an understanding of the era. We see African Americans as active agents in overthrowing slavery, in helping win the Civil War, and—even more actively—in shaping Reconstruction and creating a legacy long obscured

and misunderstood. Foner makes clear how, by war's end, freed slaves in the South built on networks of church and family in order to exercise their right of suffrage as well as gain access to education, land, and employment. He shows us that the birth of the Ku Klux Klan and renewed acts of racial violence were retaliation for the progress made by blacks soon after the war. He refutes lingering misconceptions about Reconstruction, including the attribution of its ills to corrupt African American politicians and "carpetbaggers," and connects it to the movements for civil rights and racial justice. Joshua Brown's illustrated commentary on the era's graphic art and photographs complements the narrative. He offers a unique portrait of how Americans envisioned their world and time. *Forever Free* is an essential contribution to our understanding of the events that fundamentally reshaped American life after the Civil War—a persuasive reading of history that transforms our sense of the era from a time of failure and despair to a threshold of hope and achievement.

Give Me Liberty! - Eric Foner 2013-10-08

The leading text, in a compact, value edition.

The Cambridge History of Warfare - Geoffrey Parker 2020-05-31

The new edition of *The Cambridge History of Warfare*, written and updated by a team of eight distinguished military historians, examines how war was waged by Western powers across a sweeping timeframe beginning with classical Greece and Rome, moving through the Middle Ages and the early modern period, down to the wars of the twenty-first century in Afghanistan, Iraq, and Syria. The book stresses five essential aspects of the Western way of war: a combination of technology, discipline, and an aggressive military tradition with an extraordinary capacity to respond rapidly to challenges and to use capital rather than manpower to win. Although the focus remains on the West, and on the role of violence in its rise, each chapter also examines the military effectiveness of its adversaries and the regions in which the West's military edge has been - and continues to be - challenged.
