American History - Alan Brinkley 2006-08-30

Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's American History provides students and instructors with a reliable, comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, the book explores areas of history such as social, cultural, urban, racial and ethnic history, the history of the West and South, environmental history, the history of women and gender, and American history in a global context. The twelfth edition of this text includes the McGraw-Hill's hit Primary Source Investigator (PSI) cd-rom, with hundreds of sources and a program that walks students through how to write a paper using those sources as evidence.

The American Vision, Modern Times, CA, Student Edition - McGraw-Hill Education 2005-03-24

Early Native Americans in West Virginia: The Fort Ancient Culture - Darla Spencer 2016

Follow Archaeologist Darla Spencer as she discovers the history and habits of 16 Native American sites in West Virginia. Once thought of as Indian hunting grounds with no permanent inhabitants, West Virginia is teeming with evidence of a thriving early native population. Today's farmers can hardly plow their fields without uncovering ancient artifacts, evidence of at least ten thousand years of occupation. Members of the Fort Ancient culture resided along the rich bottomlands of southern West Virginia during the Late Prehistoric and Protohistoric periods. Lost to time and rediscovered in the 1880s, Fort Ancient sites dot the West Virginia landscape. This volume explores sixteen of these sites, including Buffalo, Logan and Orchard. Archaeologist Darla Spencer excavates the fascinating lives of some of the Mountain State's earliest inhabitants in search of who these people were, what languages they spoke and who their descendants may be.

Alan Brinkley - David Greenberg 2019-01-08

Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley. His debut work, the National Book Award-winning *Voices of Protest*, launched a storied career that considered the full spectrum of American political life. His books give serious and original treatments of populist dissent, the role of mass media, the struggles of liberalism and conservatism, and the powers and limits of the presidency. A longtime professor at Harvard University and Columbia University, Brinkley has shaped the field of U.S. history for generations of students through his textbooks and his mentorship of some of today's foremost historians. *Alan Brinkley: A Life in History* brings together essays on his major works and ideas, as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with, befriended, and influenced. Among the luminaries in this volume are the critic Frank Rich, the journalists Jonathan Alter and Nicholas Lemann, the biographer A. Scott Berg, and the historians Eric Foner and Lizabeth Cohen. Together, the seventeen essays that form this book chronicle the life and thought of a working historian, the development of historical scholarship in our time, and the role that history plays in our public life. At a moment when Americans are pondering the plight of their democracy, this volume offers a timely overview of a consummate student—and teacher—of the American political tradition.

The Coming of the Civil War - Avery Craven 1957

Objectively surveys the causes of the Civil War as rooted in the events occurring between 1820 and 1860

As If an Enemy's Country - Richard Archer 2010-03-08

In the dramatic period leading to the American Revolution, no event did more to foment patriotic sentiment among colonists than the armed occupation of Boston by British soldiers. *As If an Enemy's Country* is Richard Archer's gripping narrative of those critical months between October 1, 1768 and the winter of 1770 when Boston was an occupied town. Bringing colonial Boston to life, Archer moves between the governor's mansion and cobble-stoned back-alleys as he traces the origins of the colonists' conflict with Britain. He reveals the maneuvering of colonial political leaders such as Governor Francis Bernard, Lieutenant Governor Thomas Hutchinson, and James Otis Jr. as they responded to London's new policies, and he evokes the outrage many Bostonians felt toward Parliament and its local representatives. Equally important, Archer captures the popular mobilization under the leadership of John Hancock and Samuel Adams that met the oppressive imperial measures--most notably the Sugar Act and the Stamp Act--with demonstrations, Liberty Trees, violence, and non-importation agreements. When the British government responded with the decision to garrison Boston with troops, it was a deeply felt affront to the local

population. Almost immediately, tempers flared and violent conflicts broke out. Archer's tale culminates in the swirling tragedy of the Boston Massacre and its aftermath, including the trial of the British troops involved--and sets the stage for what was to follow.

American History - Alan Brinkley 2007-02

Into the American Woods - James Hart Merrell 1999-01-01

From the Quaker colony's founding in the 1680s into the 1750s, Merrell shows us how the go-betweens survived in the woods, dealing with problems of food, travel, lodging, and safety, and how they sought to bridge the vast cultural gaps between the Europeans and the Indians. The futility of these efforts became clear in the sickening plummet into war after 1750.

America: A Narrative History - Shi, David E. 2019-07-01

America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

America's History - 2018

Looseleaf for American History: Connecting with the Past - Alan

Brinkley 2014-10-03

John F. Kennedy - Alan Brinkley 2012-05-08

The young president who brought vigor and glamour to the White House while he confronted cold war crises abroad and calls for social change at home John Fitzgerald Kennedy was a new kind of president. He redefined how Americans came to see the nation's chief executive. He was forty-three when he was inaugurated in 1961—the youngest man ever elected to the office—and he personified what he called the "New Frontier" as the United States entered the 1960s. But as Alan Brinkley shows in this incisive and lively assessment, the reality of Kennedy's achievements was much more complex than the legend. His brief presidency encountered significant failures—among them the Bay of Pigs fiasco, which cast its shadow on nearly every national-security decision that followed. But Kennedy also had successes, among them the Cuban Missile Crisis and his belated but powerful stand against segregation. Kennedy seemed to live on a knife's edge, moving from one crisis to another—Cuba, Laos, Berlin, Vietnam, Mississippi, Georgia, and Alabama. His controversial public life mirrored his hidden private life. He took risks that would seem reckless and even foolhardy when they emerged from secrecy years later. Kennedy's life, and his violent and sudden death, reshaped our view of the presidency. Brinkley gives us a full picture of the man, his times, and his enduring legacy.

American History - 1987

American History - Alan Brinkley 2011-06-01

Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

The End Of Reform - Alan Brinkley 2011-09-21

At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. The End of Reform shows how the liberalism of the early New Deal—which set out to repair and, if necessary, restructure America's economy—gave way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today's political landscape.

Voices of Protest - Alan Brinkley 2011-08-10

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*

The Unfinished Nation - Alan Brinkley 2013-01-03

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition - Alan Brinkley 2016-01-06

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

The Whites of Their Eyes - Jill Lepore 2011-08-08

Americans have always put the past to political ends. The Union laid claim to the Revolution--so did the Confederacy. Civil rights leaders said they were the true sons of liberty--so did Southern segregationists. This book tells the story of the centuries-long struggle over the meaning of the nation's founding, including the battle waged by the Tea Party, Glenn Beck, Sarah Palin, and evangelical Christians to "take back America." Jill Lepore, Harvard historian and New Yorker staff writer, offers a careful and concerned look at American history according to the far right, from the "rant heard round the world," which launched the Tea Party, to the Texas School Board's adoption of a social-studies curriculum that teaches that the United States was established as a Christian nation. Along the way, she provides rare insight into the eighteenth-century struggle for independence--a history of the Revolution, from the archives. Lepore traces the roots of the far right's reactionary history to the bicentennial in the 1970s, when no one could agree on what story a divided nation should tell about its unruly beginnings. Behind the Tea Party's Revolution, she argues, lies a nostalgic and even heartbreaking yearning for an imagined past--a time less troubled by ambiguity, strife, and uncertainty--a yearning for an America that never was. The Whites of Their Eyes reveals that the far right has embraced a narrative about America's founding that is not only a fable but is also, finally, a variety of fundamentalism--anti-intellectual, antihistorical, and dangerously antipluralist. In a new afterword, Lepore addresses both the recent shift in Tea Party rhetoric from the Revolution to the Constitution and the diminished role of scholars as political commentators over the last half century of public debate.

Your Life in Christ - Ave Maria Press 2019-03-08

Your Life in Christ: Foundations in Catholic Morality introduces students to a traditional understanding of morality, encouraging them to undergo a deep and regular examination of conscience while making daily decisions to live a moral life.

The Wise Men - Walter Isaacson 1997-06-04

A captivating blend of personal biography and public drama, *The Wise Men* introduces the original best and brightest, leaders whose outsized personalities and actions brought order to postwar chaos: Averell Harriman, the freewheeling diplomat and Roosevelt's special envoy to Churchill and Stalin; Dean Acheson, the secretary of state who was more responsible for the Truman Doctrine than Truman and for the Marshall Plan than General Marshall; George Kennan, self-cast outsider and intellectual darling of the Washington elite; Robert Lovett, assistant secretary of war, undersecretary of state, and secretary of defense throughout the formative years of the Cold War; John McCloy, one of the nation's most influential private citizens; and Charles Bohlen, adroit diplomat and ambassador to the Soviet Union.

Land of Hope - Wilfred M. McClay 2021-01-26

For too long we've lacked a compact, inexpensive, authoritative, and compulsively readable book that offers American readers a clear, informative, and inspiring narrative account of their country. Such a fresh retelling of the American story is especially needed today, to shape and deepen young Americans' sense of the land they inhabit, help them to understand its roots and share in its memories, all the while equipping them for the privileges and responsibilities of citizenship in American society. The existing texts simply fail to tell that story with energy and conviction. Too often they reflect a fragmented outlook that fails to convey to American readers the grand trajectory of their own history. This state of affairs cannot continue for long without producing serious consequences. A great nation needs and deserves a great and coherent narrative, as an expression of its own self-understanding and its aspirations; and it needs to be able to convey that narrative to its young effectively. Of course, it goes without saying that such a narrative cannot be a fairy tale of the past. It will not be convincing if it is not truthful. But as *Land of Hope* brilliantly shows, there is no contradiction between a truthful account of the American past and an inspiring one. Readers of *Land of Hope* will find both in its pages.

The American Journey - Joyce Oldham Appleby 2009-01-01

Becoming America - David Henkin 2014-01-06

The way we once learned history is now history. Developed for students and instructors of the twenty-first century, *Becoming America* excites learners by connecting history to their experience of contemporary life. You can't travel back in time, but you can be transported, and *Becoming America* does so by expanding the traditional core of the U.S. survey to include the most contemporary scholarship on cultural, technological, and environmental transformations. At the same time, the program transforms the student learning experience through innovative technology that is at the forefront of the digital revolution. As a result, the *Becoming America* program makes it easier for students to grasp both the distinctiveness and the familiarity of bygone eras, and to think in a historically focused way about the urgent questions of our times.

American History: A Survey - Alan Brinkley 2008-12-01

Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's *American History* provides students and instructors with a broad, comprehensive approach to the American past. It offers not

only a scrupulous account of American political and diplomatic history, but also a deep exploration of the many other fields that are central to a critical understanding of the nation's past: social, cultural, economic, and urban history, including the histories of the South and the West, the environment, science and technology, race, ethnicity, gender, and the global context of the American experience.

The Unfinished Nation: A Concise History of the American People - Alan Brinkley 2013-01-03

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

The Political Crisis of the 1850s - Michael Fitzgibbon Holt 1978

New Federalist Papers - Alan Brinkley 1997

In the aftermath of the Constitutional Convention of 1787, three of its most gifted participants--Alexander Hamilton, James Madison, and John Jay--wrote a series of 85 essays--the "Federalist Papers"--which were published in newspapers throughout the nation, defending the proposed new government against its opponents. In the "New Federalist Papers", three prominent writers confront the threats posed by current challenges to the American Constitution.

The Unfinished Nation - Alan Brinkley 1997

"In *The Unfinished Nation*, Alan Brinkley provides a clear and intelligent account of the American past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have. He makes clear that one can incorporate the rich and varied experiences of America's many cultures into a coherent and compelling story and at the same time retain a sense of what ties Americans together as members of a perpetually troubled but remarkably successful nation"--Description from amazon.com.

The Language of Composition - Renee H. Shea 2018-05-08
