The Artist's Museum - Dan Byers 2016-11-25

This book accompanies a stunning exhibition of

immersive installations that propose unexpected relationships between artworks and images across time and place. This book presents immersive artworks that bring together art, artifacts, and natural materials to create distinct models from each artist's world. Employing the language of museum display, the artists chart the recurrence of forms and themes across cultures and history, to reveal unexpected relationships and affinities. The artists engage a variety of disciplines and subjects, such as dance, music, design, gender, sexuality, and technology. Among the artists included are Rosa Barba, Carol Bove, Anna Craycroft, Christian Marclay, Mark Leckey, Pierre Leguillon, Rosemarie Trockel, Goshka Macuga, and Sara VanDerBeek. This book's essays offer new scholarship, extensive documentation and analysis of each artist's works, and a compendium of historical exhibitions and artworks that serve as important precedents for the exhibition."

It Speaks to Me - Jori Finkel 2019

In this beautifully illustrated collection of interviews, fifty contemporary artists discuss the artworks that inspire them from museums around the world. Imagine your favorite artist leading you through a museum to the very work of art they can't stop thinking about. That's the experience at the heart of *It Speaks to Me*. In lively and intimate interviews, 50 acclaimed artists share the compelling details that make an artwork memorable and meaningful to them. Highlights include: David Hockney on Edgar Degas, Shirin Neshat on Alice Neel, Marina Abramovic on Umberto Boccioni, Ai Weiwei on a Shang Dynasty jade, Nick Cave on Jasper Johns, Judy Chicago on Agnes Pelton, Luc Tuymans on van Eyck, and Gillian Wearing on Rembrandt. Together these artists bring to life a wide range of museum pieces, from celebrated masterpieces to little-known gems, or from a Rembrandt self-portrait to a 21st-century social-protest drawing. In the process they remind us of why we look at

art at all: to share in the spark of creativity that can jump from an artwork across countries and centuries and to experience the extraordinary sensation of being inspired.

Keanu Reeves' Guide to Kindness - Hardie Grant
2021-11-09

Keanu Reeves' Guide to Kindness is an illustrated guide to how we can all spread a little more love. Including 50 simple acts, such as holding the door open for someone, donating clothes and books to charity and smiling at a stranger, and accompanying illustrations featuring Keanu himself, this book implores us to be kind. Always. Over the past few years, tales of Keanu Reeves' kindness and generosity have taken over the internet. From giving away millions of his earnings from *The Matrix* to the trilogy's special effects and costume team, to graciously giving up his subway seat to a fellow passenger and respecting women's personal space when posing for photos with them, no act of kindness is too big or too small for this acting

giant.

For Your Consideration: Keanu Reeves - Larissa Zageris 2019-10-15

This illustrated collection of humorous essays and fun extras makes the case for one of our most iconic celebrities, from Bill and Ted to John Wick. For an actor who's been in so many mega-hits and equally mega misses, it can be tough to track Keanu Reeves's accomplishments. During his long career—over 30 years, though you wouldn't know it from his immortal looks—he has constantly subverted Hollywood stereotypes and expectations. He's the type to start his own publishing company, reread Hamlet, write a grown-up children's book, photobomb people's weddings, eat lunch alone in the park while looking very sad, and give

away his salary to the film crew. For Your Consideration: Keanu Reeves examines the ways in which Keanu strives to be kind and excellent in work and in life. The authors also explore various Internet conspiracies about his age, help you identify which Sad Keanu meme you are, give you the Keanu and Winona Ryder fanfic your heart desires, and much, much more.

Vatnasafn/Library of Water - Roni Horn 2009

Sited in a converted library building on a promontory overlooking the ocean in the town of Stykkishólmur on the west coast of Iceland, VATNASAFN / LIBRARY OF WATER incorporates many of Roni Horn's abiding artistic concerns with water and weather, reflection and illumination, and the fluid nature of identity. Twenty-four glass columns containing water from glaciers around Iceland refract and reflect the day into a rubber floor embedded with words used to describe weather, inside or out. VATNASAFN / LIBRARY OF WATER also offers a space for community gatherings, a studio for writers, and it houses an oral archive of weather reports gathered from people who live in and around Stykkishólmur. This book surveys the interconnecting elements of Roni Horn's long-term project on the island

through a series of image sequences and texts. It also includes a selection of writings by the artist inspired by her experience of being in Iceland.

2020-10-06

The Drama of Celebrity - Sharon Marcus

2020-08-11

Why do so many people care so much about celebrities? Who decides who gets to be a star? What are the privileges and pleasures of fandom? Do celebrities ever deserve the outsized attention they receive? In this fascinating and deeply researched book, Sharon Marcus challenges everything you thought you knew about our obsession with fame. Icons are not merely famous for being famous; the media alone cannot make or break stars; fans are not simply passive dupes. Instead, journalists, the public, and celebrities themselves all compete, passionately and expertly, to shape the stories we tell about celebrities and fans. The result: a high-stakes drama as endless as it is unpredictable. Drawing on scrapbooks, personal diaries, and vintage fan mail, Marcus traces celebrity culture back to its nineteenth-century roots, when people the world over found themselves captivated by celebrity chefs, bad-boy poets, and actors such as the "divine" Sarah

Bernhardt (1844-1923), as famous in her day as the Beatles in theirs. Known in her youth for sleeping in a coffin, hailed in maturity as a woman of genius, Bernhardt became a global superstar thanks to savvy engagement with her era's most innovative media and technologies: the popular press, commercial photography, and speedy new forms of travel. Whether you love celebrity culture or hate it, *The Drama of Celebrity* will change how you think about one of the most important phenomena of modern times.

High Winds - Sylvan Oswald 2017-06-10

How does sleep--or its absence--change us? At the end of another wakeful night, *High Winds* tears off on a hallucinatory road trip in search of his estranged half brother, led by cryptic signs and coincidences. Part modern-day pillow book, part picture book for adults, and told in an associative, elliptical style, the narrative takes readers deep into a dreamlike Western landscape. Jessica Fleischmann's atmospheric imagery amplifies the words on every page,

referencing 1980s graphics, net art, and something yet unseen; Sylvan Oswald's text inhabits and draws meaning from this visual environment. Gas stations, local legends, and unlikely rock formations become terrain for explorations of fear, fantasy, masculinity, medication, spatial structures, and bodily functions--inspired by the author's experience of gender transition, insomnia, and moving to Los Angeles. Poetic and funny, surreal and beautiful--High Winds makes a delightful companion, before or instead of a good night's sleep.

Irritable Hearts - Mac McClelland 2015-02-24
"I had nightmares, flashbacks. I dissociated... Changes in self-perception and hallucinations-those are some of my other symptoms. You are poison, I chanted silently to myself. And your poison is contagious." So begins Mac McClelland's powerful, unforgettable memoir, *Irritable Hearts*. When thirty-year-old, award-

winning human rights journalist Mac McClelland left Haiti after reporting on the devastating earthquake of 2010, she never imagined how the assignment would irrevocably affect her own life. Back home in California, McClelland cannot stop reliving vivid scenes of violence. She is plagued by waking terrors, violent fantasies, and crippling emotional breakdowns. She can't sleep or stop crying. Her life in shambles, it becomes clear that she is suffering from Post-Traumatic Stress Disorder. Her bewilderment about this sudden loss of control is magnified by the intensity of her feelings for Nico, a French soldier she met in Port-au-Prince and with whom she connected instantly and deeply. With inspiring fearlessness, McClelland tackles perhaps her most harrowing assignment to date: investigating the damage in her own mind and repairing her broken psyche. She begins to probe the depths of her illness, exploring our culture's history with PTSD, delving into the latest research by the country's top scientists

and therapists, and spending time with veterans and their families. McClelland discovers she is far from alone: while we frequently associate PTSD with wartime combat, it is more often caused by other manner of trauma and can even be contagious-close proximity to those afflicted can trigger its symptoms. As she confronts the realities of her diagnosis, she opens up to the love that seems to have found her at an inopportune moment. *Irritable Hearts* is a searing, personal medical mystery that unfolds at a breakneck pace. But it is also a romance. McClelland fights desperately to repair her heart so that she can give it to the kind, patient, and compassionate man with whom she wants to share a life. Vivid, suspenseful, tender, and intimate, *Irritable Hearts* is a remarkable exploration of vulnerability and resilience, control and acceptance. It is a riveting and hopeful story of survival, strength, and love. **Shadows in the Deep** - Helena V. Paris 2022-02 Born into a world of violence, Amphitrite has

Shadows - Alexandra Grant 2015-01

What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a persons nature, the unconscious side of ones self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place or state of being, somewhere between darkness and light, living and dying? Or is it a state of illusion, like Platos cave? Is it a verb that means to follow or accompany, or even to spy on? Shadows, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grants photographs capture Reeves shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and reversing light for dark, Grant has made the

shadows themselves the source of light. Reeves texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion, and an invocation to shadow play.

Russ & Daughters - Mark Russ Federman
2013-03-05

The former owner/proprietor of the beloved appetizing store on Manhattan's Lower East Side tells the delightful, mouthwatering story of an immigrant family's journey from a pushcart in 1907 to "New York's most hallowed shrine to the miracle of caviar, smoked salmon, ethereal herring, and silken chopped liver" (The New York Times Magazine). When Joel Russ started peddling herring from a barrel shortly after his arrival in America from Poland, he could not have imagined that he was giving birth to a gastronomic legend. Here is the story of this

“Louvre of lox” (The Sunday Times, London): its humble beginnings, the struggle to keep it going during the Great Depression, the food rationing of World War II, the passing of the torch to the next generation as the flight from the Lower East Side was beginning, the heartbreaking years of neighborhood blight, and the almost miraculous renaissance of an area from which hundreds of other family-owned stores had fled. Filled with delightful anecdotes about how a ferociously hardworking family turned a passion for selling perfectly smoked and pickled fish into an institution with a devoted national clientele, Mark Russ Federman’s reminiscences combine a heartwarming and triumphant immigrant saga with a panoramic history of twentieth-century New York, a meditation on the creation and selling of gourmet food by a family that has mastered this art, and an enchanting behind-the-scenes look at four generations of people who are just a little bit crazy on the subject of fish. The Matrix - Larry Wachowski 2001

One - 2016-04-26

A baby's first year is filled with an endless stream of new experiences, contributing profoundly to their physical, mental, and emotional development. Typically at the age of one-year an infant has the motor skills and ability to sit on their own for the first time and their uninhibited gaze provides a window into a distinct personality that will endure throughout their lifetime. It is these individual natures that photographer Edward Mapplethorpe expertly

captures. The culmination of a twenty-year project by one of today's top-commissioned and internationally-recognized photographers of baby portraits, ONE features a series of 60 photographs that catch the fleeting, yet universal, moment of life when a child reaches one year of age. There is something remarkable in the innocent faces of the children portrayed in this book that serves to underscore our common humanity. The luxuriously printed duotone photographs in ONE are accompanied by essays from esteemed contemporary authors Adam Gopnik, Susan Orlean, Francine Prose, and Andrew Solomon. Patti Smith contributes the book's foreword while Dr. Samantha Boardman writes the introduction. Contributions from such diverse luminaries emphasize the widespread appeal such innocent; unguarded beauty has for so many people.

Maaïke Schoorel: Vera Icon - 2021-08-10

Dutch artist Maaïke Schoorel (1973) belongs to a new generation of painters whose work references the mythical history of painting from the Netherlands. The subjects of her paintings seem at once recognizable and elusive and are drawn from familiar experiences and everyday encounters. She uses photographic source material as a way of beginning her paintings that are, in turn, rooted in the art-historical genres of landscape, portrait and still life.00The monograph 'Vera Icon' is a major overview of her work since her graduation from the Royal College of Art (London) in 2002. In collaboration with graphic designer Goda Budvytyt , the book illustrates finished paintings alongside moments

of inspiration that all relate back to the cities Schoorel has lived and worked in: London, New York, Rome, Berlin and

Amsterdam.00Contributions by leading art critics, curators and artists dissect the personal experience of looking at her work, the artistic tradition in which it is steeped, as well as the relationship with photography, to complement a book that offers both an appraisal of Schoorel's work as well as an artistic experience in and of itself.

The Artists' Prison - Alexandra Grant 2017

The Artists' Prison looks askance at the workings of personality and privilege, sexuality, authority, and artifice in the art world. Imagined through

the heavily redacted testimony of the prison's warden, written by Alexandra Grant, and powerfully allusive images by Eve Wood, the prison is a brutal, Kafkaesque landscape where creativity can be a criminal offence and sentences range from the allegorical to the downright absurd. In *The Artists' Prison*, the act of creating becomes a strangely erotic condemnation, as well as a means of punishment and transformation. It is in these very

transformations--sometimes dubious, sometimes oddly sentimental--that the book's critical edge is sharpest. In structural terms, *The Artists' Prison* represents a unique visual and literary intersection, in which Wood's drawings open spaces of potential meaning in Grant's text, and the text, in turn, acts as a framework in which the images can resonate and intensify in significance.
