Something deeper? Something ... everlasting?

The Fix - J. N. Sadler 2013-03-15

Synopsis The world was broke. Times were hard. The future was narrowing, darkly. Janie Girard lived alone in her world like others who had become single and frightened. The fact that the now-impooverished government was posturing for an out-and-out war between all peoples was evident. She was a young widow who lived with Captain Johnny, her Cockatoo, and her tenant, Everett Abraham. They shared her run-down Victorian house, in a once-beautiful, affluent neighborhood, full of foreclosed, empty houses. On a bus, Janie discovered that she had a "twin". Dee Mackey, her "other", lived with her husband Tate, a disabled veteran, who was being treated by Dr. Frank Laramy, a court psychiatrist that dealt with the hopeless and criminally insane. He told Tate that he was working on a remedy to cure his ills. He also would replace the eye he had lost in the war by using a serum made from various DNA particles found in human, plant, and animal cells. He promised him a new life where nothing would harm him, and success in whatever endeavor he chose would be possible with his "Mega Mix." Laramy was a lunatic, himself, and an impassioned amateur geneticist. He mixed cell fragments of random life forms to make myriad one-of-a-kind beings. He had no idea what an unstoppable fix he was creating. When his "things" got out of control, his mission became evil; he morphed into one of his own creations, regretting giving being born the first time

Sadie Price FBI Suspense Thriller Bundle: Only His (#3) and Only Once (#4) - Rylie Dark 2022-04-21

A bundle of books #3 (ONLY HIS) and #4 (ONLY ONCE) in Rylie Dark's Sadie Price FBI Suspense Thriller series! This bundle offers books three and four in one convenient file, with over 100,000 words of reading. Special Agent Sadie Price, a 29-year-old rising star in the FBI's BAU unit, stuns her colleagues by requesting reassignment to the FBI's remote Alaskan field office. Back in her home state, a place she vowed she would never return, Sadie, running from a secret in her recent past and back into her old one, finds herself facing her demons—including her sister's unsolved murder—while assigned to hunt down a new serial killer. In ONLY HIS (Book #3), when a young woman is found mauled by a bear—the second case in one week—the authorities chalk it up to a desperate animal, driven by hunger to attack. Nature, as far as the locals are concerned, can be as cruel a killer as any murderer. But Sadie isn't convinced. She suspects a serial killer, and when she realizes both victims were young women living alone in cabins, she takes it upon herself to visit a string of isolated, desolate cabins in the wilderness, including one with particular significance—her father's. When a third

woman is found, Sadie knows she is the only thing standing between this diabolical killer and his innocent, next victim. But in the forbidding wilderness, in the thick of winter, can Sadie reach the woman before it's too late? And can she stop this killer all while unearthing the ghosts of her own family's past? In *ONLY ONCE* (Book #4), what seems like a straightforward case quickly embroils Sadie in an international territorial dispute, bringing in multiple agencies and countries and further complicating her investigation. After a rabbit hole of dead ends, Sadie uses her brilliant mind to think of something no one else has—and another body—and a shocking twist—may just catch her off guard. But in this stormy wilderness, in the thick of winter, does Sadie have any hope of finding him before it's too late? An action-packed page-turner, the *SADIE PRICE* series is a riveting crime thriller, jammed with suspense, surprises and twists and turns that you won't see coming. It will have you fall in love with a brilliant and scarred new character, while challenging you, amidst a barren landscape, to solve an impenetrable crime. Books #5 and #6—*ONLY SPITE* and *ONLY MADNESS*—are also available.

Lillian Carter - Grant Hayter-Menzies 2014-11-19

Written with the cooperation of President Jimmy Carter and his family, this book provides an intimate glimpse inside the life of the woman who--as nurse, mother and social justice activist in segregated southwest Georgia--made a lifelong habit of breaking the rules defining a woman's place in and out of the home and the status of blacks in society. As the only white nurse in her rural community who cared for black families, as a 68-year-old Peace Corps Volunteer in 1960s India, as a fearless supporter of civil rights and as a First Mother unlike any other, Lillian Carter showed how individual courage, conviction and compassion can make a difference. Drawing on interviews with friends and colleagues, members of the Plains, Georgia, black community, Peace Corps Volunteers who trained with her, White House insiders and key players in the civil rights movement, as well as letters, documents and photographs never before made public, this book captures the essence of the woman the press dubbed "Rose Kennedy without the hair dye" and "First Mother of the world."

The Golden Nugget - N.K. Beckley 2016-01-15

The Golden Nugget is the fourth book that Mrs. Beckley has written. It is an interactive book and introduces the reader to the history of the Reed Gold Mine in Charlotte, North Carolina, in 1799. It was the first goldmine in the United States of America. I hope that this part of history sparks a discussion both in your classrooms and in your families, maybe at the dinner table. The names of the people are fictional, but the information about the Reed Gold Mine, Italy, and South Korea are correct. Look for the last book in the series called Emily to be out sometime soon. The rest of the books should be out soon. I hope you have enjoyed the books as much as I have writing and researching them.

Centered around the themes of death, women as objects of desire, lost love, motherhood, and children, the poems in this selection offer insight into the work of this well-known abolitionist and advocate of women's rights. Including Grimke's prose and drama, which often focus on lynching, this volume sheds new light on a perspective characterized by the African-American experience of racial pride and the reaction against racists acts.
