A Thousand Honey Creeks Later - Preston Love

1997-11-10

The rise of jazz and Motown seen through the eyes of a premier African American performer. Preston Love's resume reads like a Who's Who of American music: member of the Count Basie Band during its heyday in the 40s, studio musician in Los Angeles, cohort of Jo Jones, Lester Young, Ray Charles, and Dizzy Gillespie, and back-up player for Marvin Gaye, the Temptations, Smokey Robinson, Aretha Franklin, Gladys Knight, and Stevie Wonder. In this autobiography Love shows that, while the music centers of New York, New Orleans, Chicago, and Kansas City nurtured the development of those uniquely African American forms, jazz and the Motown sound, significant contributions were also being made by territory bands tirelessly performing in outposts like St. Cloud, Minnesota, Guthrie, Oklahoma, and Honey Creek, Iowa. It was in the latter town where Love, a 15-year-old from the black ghetto of Omaha, made his musical debut. Captivated by

the sweet alto sax sounds of Earle Warren, Love took up the instrument and within a decade was sitting in Warren's chair. But Love's personal odyssey is more than a chronicle of endless bus rides, bad crowds in backwater clubs, and feast-or-famine finances endured en route to the top. In a distinctive and passionate voice he outlines significant facets of African American history: the central importance of the family in musical development, institutional racism in American popular culture, and the interracial nature of the music world. He also describes the growth of the music industry, especially Motown, what he calls "the powerful colossus from Detroit." Love's story, told with uncanny memory and unflinching honesty, provides an important view into the career of a musician and the evolution of a major musical form.

### **My Favorite Records** - Daniel Braun

2019-04-11

There are hundreds of records that I have loved over the course of my life. Some of these records have faded into the depths of my subconscious. Fortunately, most of them have stayed with me year after year remaining fresh in my memory, alive in my heart. I compiled my first "Favorites List" in 1983, and it contained about 600 recordings. Most of the records on the original list are still there today. My current list consists of about 900 recordings. And the list is still growing as I continue to be introduced to more music. You may be familiar with Rolling Stone's 2004 cover story, "The 500 Greatest Songs of All-Time." This is certainly a comprehensive compendium on the subject, so why should I bother writing this book? Because I'm taking a different approach, a personal approach. There's

a difference between the "greatest songs" as determined by professional music critics, and someone's "favorite records." I'm not a music critic or a musicologist. I'm just a guy who loves good music. Nonetheless, I believe my opinions have value because of the strong connection I have with each record. The primary purpose of this book is to draw us together using our favorite music as the catalyst. In the process of getting to know someone, a commonly asked question is: "What kind of music do you like?" His or her answer usually reveals something about their personality. Not only will you learn what my favorite records are, you will learn about me, why I like these songs and how I came to discover them. I'm hoping to create conversations, not only between you and I, but between all American music lovers. Thousands upon thousands of songs have been recorded over the past 60 years. I've been an avid listener for most of my life, but there are still a lot of "hidden treasures" out there I'd love to find. I'm

hoping you, by sharing your favorites with me, will help me to find them. I'm also hoping that I will inspire you to listen to some of my favorites. There is a treasure trove of great music out waiting to be enjoyed!

### **Music in Print Master Title Index - 1999**

**Billie Holiday** - Donald Clarke 2009-04-24  
Certainly no singer has been more mythologized and more misunderstood than Billie Holiday, who helped to create much of the mystique herself with her autobiography, *Lady Sings the Blues*. "Now, finally, we have a definitive biography," said Booklist of Donald Clarke's *Billie Holiday*, "by a deeply compassionate, respectful, and open-minded biographer [whose] portrait embraces every facet of Holiday's paradoxical nature, from her fierceness to her vulnerability, her childlikeness to her innate elegance and amazing strength." Clarke was given unrivaled access to a treasure trove of interviews from the 1970s—interviews with

those who knew Lady Day from her childhood in the streets and good-time houses of Baltimore through the early days of success in New York and into the years of fame, right up to her tragic decline and death at the age of forty-four. Clarke uses these interviews to separate fact from fiction and, in the words of the *Seattle Times*, "finally sets us straight. . . evoking her world in all its anguish, triumph, force and irony." *Newsday* called this "a thoroughly riveting account of Holiday and her milieu." The *New York Times* raved that it "may be the most thoroughly valuable of the many books on Holiday," and Helen Oakley Dance in *JazzTimes* said, "We should probably have to wait a long time for another life of Billie Holiday to supersede Donald Clarke's achievement."
