hearts. It begins on the shaded town square in a sleepy Southern town. A spirited seven-year-old has a brisk business at her lemonade stand. *The Minds of Billy Milligan* - DANIEL. KEYES  
2018-07-12

Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy over his body - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was

to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one. In *The Minds of Billy Milligan*, Daniel Keyes brings to light the most remarkable and harrowing case of multiple personality ever recorded. 'Fascinating' LA Times '[Keyes] has carried it off brilliantly, bringing not only a fine clarity but a special warmth and empathy' Washington Post

*Theatrical Worlds* - Charlie Mitchell 2014-05  
"From the University of Florida College of Fine Arts, Charlie Mitchell and distinguished colleagues from across America present an introductory text for theatre and theoretical production. This book seeks to give insight into the people and processes that create theater. It does not strip away the feeling of magic but to add wonder for the artistry that make a production work well." -- Open Textbook Library.

*Thomas Mann's War* - Tobias Boes 2019-11-15  
In *Thomas Mann's War*, Tobias Boes traces how the acclaimed and bestselling author became one of America's most prominent anti-fascists and the spokesperson for a German cultural ideal that Nazism had perverted. Thomas Mann, winner of the 1929 Nobel Prize in literature and author of such world-renowned novels as *Buddenbrooks* and *The Magic Mountain*, began his self-imposed exile in the United States in 1938, having fled his native Germany in the wake of Nazi persecution and public burnings of his books. Mann embraced his role as a public intellectual, deftly using his literary reputation and his connections in an increasingly global publishing industry to refute Nazi propaganda. As Boes shows, Mann undertook successful lecture tours of the country and penned widely-read articles that alerted US audiences and readers to the dangers of complacency in the face of Nazism's existential threat. Spanning four decades, from the eve of World War I, when

Mann was first translated into English, to 1952, the year in which he left an America increasingly disfigured by McCarthyism, Boes establishes Mann as a significant figure in the wartime global republic of letters.

*The Sum of My Parts* - Olga Trujillo 2011-10-01

By the first day of kindergarten, Olga Trujillo had already survived years of abuse and violent rape at the hands of her tyrannical father. Over the next ten years, she would develop the ability to numb herself to the constant abuse by splitting into distinct mental “parts.”

Dissociative identity disorder (DID) had begun to take hold, protecting Olga’s mind from the tragic realities of her childhood. In *The Sum of My Parts*, Olga reveals her life story for the first

time, chronicling her heroic journey from survivor to advocate and her remarkable recovery from DID. Formerly known as multiple personality disorder, DID is defined by the presence of two or more identities. In this riveting story, Olga struggles to unearth memories from her childhood, and parallel identities—Olga at five years old, Olga at thirteen—come forth and demand to be healed. This brave, unforgettable memoir charts the author’s triumph over the most devastating conditions and will inspire anyone whose life has been affected by trauma.

2006-05-30

A #1 New York Times bestseller by Kim Edwards, *The Memory Keeper's Daughter* is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love. Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his daughter has Down syndrome. Rationalizing it as a need to protect Norah, his

wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Forsaken - Ross Howell 2015-09-01

In April 1912 in Hampton, Virginia, white eighteen-year-old reporter Charles Mears covers his first murder case, a trial that roiled racial

tensions. An uneducated African American girl, Virginia Christian, was tried for killing her white employer. "Virgie" died in the electric chair one day after her seventeenth birthday, the only female juvenile executed in Virginia history. Charlie tells the story of the trial and its aftermath. Woven into his narrative are actual court records, letters, newspaper stories, and personal accounts, reflecting the arc of history in characters large and small, in events local and global. Charlie falls in love with Harriet, a girl orphaned by the murder; meets Virgie's blind attorney George Fields, a former slave; and encounters physician Walter Plecker, a state official who pursues racial purity laws later emulated in Nazi Germany. There is much to admire in the pages of Forsaken, especially the vivid sense of time and place, Hampton Roads after the Civil War and Reconstruction. The novel's premise is ambitious, its events striking and tragic, and fiction and nonfiction are deftly blended in this powerful read on the themes of

injustice, corruption, and racial conflict set in the poisonous epoch known as Jim Crow.

The Fifth Sally - DANIEL. KEYES 2020-11-12

The powerful, moving and turbulent novel of Sally Porter and the multiple personalities she has no idea she lives with... From the award-winning bestselling author of FLOWERS FOR ALGERNON: 'Heartbreaking, and utterly, completely brilliant' GUARDIAN Sally Porter is perfectly 'ordinary'. A waitress, divorcee, and loner in the great city. But, though she is unaware of it, she is also four other, quite different people: Nola, the cold independent artist who has a studio in Greenwich Village; Derry, the happy-go-lucky tomboy; Bella, the highly-sexed live wire with a talent for singing and dancing; and finally Jinx, the hate-filled killer. Whenever events put too much of a strain on Sally Porter, she feels a headache and a blackout coming on - and a new character takes over. If there is a man to be fascinated, she will

become Bella. If there is an intellectual problem, she will become Nola. And - as happens in the opening scene of the novel - if there is a rapist to be dealt with, she becomes the vicious Jinx. It is the task of the wise and patient psychiatrist, Dr. Roger Ash - a man who nevertheless has severe problems of his own - to deal with this case of multiple personality and, through painstaking therapy, to try to fuse the four disparate personalities into "the fifth Sally."

**Literary Executions** - John Cyril Barton  
2014-07-17

“Rich with historical detail . . . examines the figure and theme of the death penalty in imaginative literature from Cooper to Dreiser.”  
—Gregg Crane, Professor of English Language and Literature, University of Michigan  
Drawing from legal and extralegal discourse but focusing on imaginative literature, *Literary Executions* examines representations of, responses to, and arguments for and against the death penalty in the United States over the long nineteenth

century. John Cyril Barton creates a generative dialogue between artistic relics and legal history. He looks to novels, short stories, poems, and creative nonfiction as well as legislative reports, trial transcripts, legal documents, newspaper and journal articles, treatises, and popular books (like *The Record of Crimes*, *A Defence of Capital Punishment*, and *The Gallows, the Prison, and the Poor House*), all of which were part of the debate over the death penalty. Barton focuses on several canonical figures—James Fenimore Cooper, Nathaniel Hawthorne, Lydia Maria Child, Walt Whitman, Herman Melville, and Theodore Dreiser—and offers new readings of their work in light of the death penalty controversy. Barton also gives close attention to a host of then-popular-but-now-forgotten writers—particularly John Neal, Slidell MacKenzie, William Gilmore Simms, Sylvester Judd, and George Lippard—whose work helped shape or was shaped by the influential anti-gallows movement. By engaging

the politics and poetics of capital punishment, *Literary Executions* contends that the movement to abolish the death penalty in the United States should be seen as an important part of the context that brought about the flowering of the American Renaissance during the antebellum period and that influenced literature later in the nineteenth and early twentieth centuries
