The Infiltrator - Robert Mazur
2015-06-25

Robert Mazur spent five years undercover infiltrating the criminal hierarchy of Colombia's drug cartels. The dirty bankers and businessmen he befriended knew him as Bob Musella, a wealthy, mob-connected big shot living the good life. Together they partied in expensive hotels, drank the world's finest champagnes, drove Rolls-Royce convertibles and flew in private jets. But

under Mazur's designer suits and hidden away in his quality briefcase, recorders whirred quietly, capturing the damning evidence of their crimes. Then, at his own staged wedding, he led a dramatic takedown that shook the underworld. In the end, more than eighty men and women were charged worldwide. Operation C-Chase became one of the most successful undercover operations in the history of US law enforcement, and evidence

gathered during the bust proved critical to the conviction of General Manuel Noriega. The Infiltrator is the true story of how Mazur's undercover work helped bring down the unscrupulous bankers who manipulated complex international finance systems to serve drug lords - including Pablo Escobar and the infamous Medellin cartel - corrupt politicians, tax cheats and terrorists. It is a shocking chronicle of the rise and fall of perhaps the biggest and most intricate money-laundering operation of all time. And, at its heart, it's a vivid portrait of an undercover life and the sacrifices it requires. Filled with dangerous lies, near misses and harrowing escapes, The Infiltrator is as bracing and explosive as the greatest fiction thrillers - only it's all true.

The Memory of Pablo Escobar - James Mollison 2007

The story of 'the richest and most violent gangster in history' is told here in hundreds of photographs gathered by photographer James Mollison. Pablo Escobar, the head of the Medellin Cartel, was responsible for supplying 80 percent of the world's cocaine during the 1980s. In an attempt to avoid extradition to the USA, he declared war on the Colombian state and thousands died as a result. He only surrendered on

condition that he could be housed in his own private jail. Escaping a year later, he was relentlessly pursued by the Colombian police with the support of America's DEA until he was shot and killed in 1993. This visual biography includes 350 photographs and documents, most previously unpublished, including Escobar family photographs, police record photographs, snapshots by the DEA officer assigned to track Escobar down, and the archive of the colonel whose team eventually shot and killed him. It includes Mollison's own photographs addressing the Escobar legacy - photographs of his properties (including the remnants of his private zoo), houses he gave to the poor and his fleet of jets. The book's extensive and revealing text draws on over 100 new interviews with family members, Medellin Cartel associates, Colombian police and judges, and survivors of Escobar's killing sprees. *Gonzalez and Daughter Trucking Co.* - María Amparo Escandón 2005-04-19

From the author of L.A. Weather comes “a whimsical, humorous, and passionate mystery that explores the love and hurt of a father and daughter on the run” (Jorge Ramos, News Anchor for Univision). “1,001 nights in a Mexicali women’s prison . . . González and Daughter Trucking Co. is about our compulsion to make events into stories and stories into bridges of understanding.”—John Sayles, Screenwriter and Director

Serving a sentence in a prison in Mexico, Libertad González finds a clever way to pass the time with the weekly Library Club, reading to her fellow inmates from whatever books she can find in the prison’s meager supply. The story that emerges, though, has nothing to do with the words printed on the pages. She tells of a former literature professor and fugitive of the Mexican government who reinvents himself as a trucker in the United States. There he falls in love with a wild woman with whom he shares his truck and his life—that is until

Joaquín González unexpectedly finds himself alone on the road with a baby girl and González & Daughter Trucking Co. is born. Joaquín and his daughter make the cab of an 18-wheeler their home, sharing everything—adventures, books, truck-stop chow, and memories of the girl’s mother—until one day the girl grows into a woman, and a chance encounter with one man causes her to rebel against another. With her stories, Libertad enthralls a group of female prisoners every bit as eccentric as the tales she tells. In González and Daughter Trucking Co., bestselling author María Amparo Escandón seamlessly blends together these elements into one compelling and unexpected conclusion that will have you cheering for Libertad and filled with joy.

Un aereo della DEA trasferisce in tutta segretezza negli USA Virginia Vallejo, testimone chiave di due tra i più importanti processi politici della Colombia: l'omicidio di un candidato alla presidenza e l'attacco al Palazzo di Giustizia condotto dai narcos di Pablo Escobar che ha provocato un centinaio di vittime. È il culmine di una storia iniziata molti anni prima, quando Virginia, la donna più contesa

dai rotocalchi del paese, resta folgorata dal capo del cartello di Medellín: un uomo dal fascino magnetico, politico rampante, corruttore, assassino, amante appassionato che gode della fama di "Robin Hood" per le sue iniziative a beneficio dei derelitti delle bidonville. L'incontro con il Re della cocaina avvia il racconto di un amore fatale, di una sfrenata vertigine di ricchezza, violenza, perdizione che tiene avvinghiati due amanti clandestini negli anni di una guerra senza esclusione di colpi tra gli Stati Uniti, lo stato colombiano e i cartelli della cocaina. Virginia Vallejo ripercorre, alternando humour e lacerante rimpianto, la sua vita a fianco di un criminale perverso e carismatico che la colma di doni e la minaccia, le regala poesie di Pablo Neruda, ne fa la sua regina, esercita su di lei una sottile violenza psicologica, ne fa una complice degli inconfessabili intrecci tra politica e criminalità. La storia di una donna intrepida e fascinosa che ha subito il

fascino perverso del male. Un diario di viaggio nell'abisso, una testimonianza sul denaro, il sesso, il potere, lo sfrenato consumo di cocaina...

Loving Pablo, Hating Escobar - Virginia Vallejo 2018-06-19

A revealing memoir of Colombian television journalist Virginia Vallejo's affair with the "King of Cocaine," notorious Medellín drug lord, Pablo Escobar. Soon to be a major motion picture starring Javier Bardem and Penelope Cruz. At 33, Virginia Vallejo was media elite. A renowned anchorwoman and socialite, and a model who appeared on magazine covers worldwide, Vallejo was the darling of Colombia's most powerful politicians and billionaires. Meeting Pablo Escobar in 1983, and becoming his mistress for many years, she witnessed the rise of a drug empire that was characterized by Escobar's far-reaching political corruption, his extraordinary wealth, and a network of violent crime that

lasted until his death in 1993.

In this highly personal and insightful story, Vallejo characterizes the duality of Escobar's charm and charisma as a benefactor to the people of Colombia, and the repulsion of his criminal actions as a tyrannical terrorist and enemy of many world leaders. Told from the present day perspective, and reflecting on her cooperation with the US Department of Justice, in 2006, as she testified against high-ranking Colombian ministers on trial for conspiracy and murder, Vallejo offers a compelling work of intimate reflection and critical journalism--a unique perspective on the Colombian drug wars and the endlessly fascinating figure, Pablo Escobar.

Drugs - John Baselmans
2016-12-06

When we think of drugs, we immediately think of the old guard drugs like cocaine, heroin and hemp. Other than that, there are for some time synthetic drugs (XTC) made in many forms, colors and effects.

We talk in this book about the ordinary old-fashioned drugs in the form of cocaine. We are going to expose what is behind and who are the true drug dealers. The old-fashioned drug is still the trade with which the super rich enrich themselves. Also, it is the elite who use a lot of this stuff. You can make it clear that most of the top in the business world, but also the politics and those who move into higher layers, are the permanent users of the cocaine stuff. Often in the most pure form and often used daily like a breakfast and dinner. But first I like to elaborate some things; what is cocaine and who are the driving forces behind these drugs according to world organizations of detecting drugs. Let's talk about drugs." *Narcoepics* - Hermann Herlinghaus 2013-02-14 *Narcoepics Unbound* foregrounds the controversial yet mostly untheorized phenomenon of contemporary Latin American 'narcoepics.' Dealing with literary works and films whose characteristics are linked to illicit global

exchange, informal labor, violence, 'bare life,' drug consumption, and ritualistic patterns of identity, it argues for a new theoretical approach to better understand these 'narratives of intoxication.' Foregrounding the art that has arisen from or seeks to describe drug culture, Herlinghaus' comparative study looks at writers such as Gutiérrez, J. J. Rodríguez, Reverte, films such as *City of God*, and the narratives surrounding cultural villains/heroes such as Pablo Escobar. *Narcoepics* shows that in order to grasp the aesthetic and ethical core of these narratives it is pivotal, first, to develop an 'aesthetics of sobriety.' The aim is to establish a criteria for a new kind of literary studies, in which cultural hermeneutics plays as much a part as political philosophy, analysis of religion, and neurophysiological inquiry. **An American Son** - Marco Rubio 2012-06-19 Few politicians have risen to national prominence as quickly

as Marco Rubio. Here is the full story of his unlikely journey. Florida Senator Marco Rubio electrified the 2012 Republican National Convention by telling the story of his parents, who were struggling immigrants from Cuba. They embraced their new country and taught their children to appreciate its unique opportunities. Every sacrifice they made over the years, as they worked hard at blue-collar jobs in Miami and Las Vegas, was for their children. Young Marco grew up dreaming about football, not politics. In this fascinating memoir, he reveals how he ended up running for the West Miami City Commission, and then the Florida House of Representatives. In just six years he rose to Speaker of the Florida House. He then won his U.S. Senate campaign as an extreme long shot. Now Rubio speaks on the national stage about the better future that's possible if we return to our founding principles. In that vision, as in his family's story, Rubio proves that the American

Dream is still alive for those who pursue it.

Cartel Wives - Mia Flores
2017-06-20

An astonishing, revelatory, and redemptive memoir from two women who escaped the international drug trade, with never-before-revealed details about El Chapo, the Sinaloa Cartel, and the dangerous world of illicit drugs. Olivia and Mia Flores are married to the highest level drug traffickers ever to become US informants. Their husbands worked with--and then brought down--El Chapo, as well as dozens of high-level members of the Mexican cartels. They had everything money could buy: luxury cars, huge houses, and expensive jewelry--but they chose to give it all up when they cooperated with the US

government. They knew that life was about more than wealth; it was about love, family, and doing what's right. Cartel Wives is a love story, a "Married to the Mob" story, an insider's look into the terrifying but high-flying empire of the new world of drugs, and, finally, the story of a major DEA and FBI operation.

The true life of Pablo Escobar - Astrid Maria Legarda Martinez
2017-11-24

"Hello beautiful. I am Popeye." In 1998 I met Jhon Jairo Velásquez Vásquez—alias "Popeye"—lieutenant to the Medellín Cartel's leader, Pablo Escobar Gaviria. Our first encounter was at the high security yard of the Modelo Prison in Bogotá, Colombia. I visited the prison frequently as a journalist for RCN TV. I was always conducting interviews and speaking to the inmates, uncovering news about what was really happening inside the prison. At that time, stories about confrontations between guerrilla and paramilitary factions were everyday news. You could often hear shots

inside the prison as the different sides fought for control. I had always wanted to meet one of the members of the Medellín Cartel. I was curious to know who they were, what they looked like, and what these men, who belonged to the most powerful drug cartel that has ever existed in Colombia, were thinking. At the high security yard I was able to talk with two of them. The most notorious was Jhon Jairo Velásquez Vásquez. "Hello beautiful. I am Popeye." The man who sat in front of me stared at me. His pale skin reflected the six years he had been in prison; in fact, it looked as if he had never once stepped outside. Popeye smiled at me with curiosity while his cold eyes examined me from head to toe. We were introduced by another inmate, Ángel Gaitán Mahecha, a man accused of paramilitarism and homicide. My first impression was surprise and curiosity; I also examined him from head to toe. He wasn't quite six feet tall. His slim body and the smile on his face almost put me

at ease. I thought this man couldn't possibly frighten anyone, and yet I couldn't forget the number of homicides in which he had been involved. I wanted to see into the mind of the man who planned and participated in the most horrible homicides that the cartel had carried out in their war against the state.

Wall Street and the Rise of Hitler - Antony Cyril Sutton 2012-12-17

'The contribution made by American capitalism to German war preparations can only be

described as phenomenal. It was certainly crucial to German military capabilities... Not only was an influential sector of American business aware of the nature of Naziism, but for its own purposes aided Naziism wherever possible (and profitable) - with full knowledge that the probable outcome would be war involving Europe and the United States.' Penetrating a cloak of falsehood, deception and duplicity, Professor Antony C. Sutton reveals one of the most remarkable but unreported facts of the Second World War: that key Wall Street banks and American businesses supported Hitler's rise to power by financing and trading with Nazi Germany. Carefully tracing this closely guarded secret through original documents and eyewitness accounts, Sutton comes to the unsavoury conclusion that the catastrophic Second World War was extremely profitable for a select group of financial insiders. He presents a thoroughly documented

account of the role played by J.P. Morgan, T.W. Lamont, the Rockefeller interests, General Electric Company, Standard Oil, National City Bank, Chase and Manhattan banks, Kuhn, Loeb and Company, General Motors, the Ford Motor Company, and scores of others in helping to prepare the bloodiest, most destructive war in history. This classic study, first published in 1976 - the third volume of a trilogy - is reproduced here in its original form. (The other volumes in the series study the 1917 Lenin-Trotsky Revolution in Russia and the 1933 election of Franklin D. Roosevelt in the United States.)

Kings of Cocaine - Guy

Gugliotta 2011-07-16

This is the story of the most successful cocaine dealers in the world: Pablo Escobar Gaviria, Jorge Luis Ochoa Vasquez, Carlos Lehder Rivas and Jose Gonzalo Rodriguez Gacha. In the 1980s they controlled more than fifty percent of the cocaine flowing into the United States. The cocaine trade is capitalism on

overdrive -- supply meeting demand on exponential levels. Here you'll find the story of how the modern cocaine business started and how it turned a rag tag group of hippies and sociopaths into regal kings as they stumbled from small-time suitcase smuggling to levels of unimaginable sophistication and daring. The \$2 billion dollar system eventually became so complex that it required the manipulation of world leaders, corruption of revolutionary movements and the worst kind of violence to protect.

Surviving Pablo Escobar - Jhon Jairo Velásquez Vásquez
2017-05-03

I've begged God for forgiveness, but I won't know till the day I die if He has truly forgiven me ... I've paid my dues to society by serving my long sentence, but perhaps I haven't earned His indulgence ... Oh my God, I've lived so many different lives! I survived Pablo Escobar Gaviria, El Patrón (The Boss), and it was the strength of his indomitable spirit that kept me going all these years; I don't quite know how or why. I still feel his presence every day of my existence. The Medellín cartel's crimes weigh as heavily on my shoulders today as they did yesterday. My youth, wasted in crime, became the sword that now hangs over my graying head. To the world, I'll always be known by my alias, Popeye,

the fearsome hitman of the Medellín cartel, Pablo Escobar Gaviria's right-hand man ...

How can I make you understand I'm a new man ... that twenty-three years behind bars in that hellhole have transformed the person I once was. Now the freedom I yearned for is vanishing in the murderous hands of my enemies. Perhaps fate has extended my life only to toy with me by preparing my own dying moments. I survived in captivity but I don't know if I'll be able to live in freedom ... A prisoner of my own mind, I'll try to fight to find some peace ... It's very cold ... now it's August 2014. I'm one step from freedom and I'm still breathing ... still here in this dimly lit cell in the maximum security prison in Cómbita, Boyacá.

Manhunters - Steve Murphy
2019-11-12

For the first time, legendary DEA operatives Steve Murphy and Javier F. Peña tell the true story of how they helped put an end to one of the world's most infamous narco-terrorists in **Manhunters: How We Took**

Down Pablo Escobar—the subject of the hit Netflix series, *Narcos*. Colombian drug lord Pablo Escobar’s brutal Medellín Cartel was responsible for trafficking tons of cocaine to North America and Europe in the 1980s and ’90s. The nation became a warzone as his sicarios mercilessly murdered thousands of people—competitors, police, and civilians—to ensure he remained Colombia’s reigning kingpin. With billions in personal income, Pablo Escobar bought off politicians and lawmen, and became a hero to poorer communities by building houses and sports centers. He was nearly untouchable despite the efforts of the Colombian National Police to bring him to justice. But Escobar was also one of America’s most wanted, and the Drug Enforcement Administration was determined to see him pay for his crimes. Agents Steve Murphy and Javier F. Peña were assigned to the Bloque de Búsqueda, the joint Colombian-U.S. taskforce

created to end Escobar’s reign of terror. For eighteen months, between July 1992 and December 1993, Steve and Javier lived and worked beside Colombian authorities, finding themselves in the crosshairs of sicarios targeting them for the \$300,000 bounty Escobar placed on each of their heads. Undeterred, they risked the dangers, relentlessly and ruthlessly separating the drug lord from his resources and allies, and tearing apart his empire, leaving him underground and on the run from enemies on both sides of the law. *Manhunters* presents Steve and Javier’s history in law enforcement from their rigorous physical training and their early DEA assignments in Miami and Austin to the Escobar mission in Medellín, Colombia—living far from home and serving as frontline soldiers in the never ending war on drugs that continues to devastate America.

Pablo Escobar - Shaun Attwood
2016-08-25

The mind-blowing true story of Pablo Escobar and the

Medellin Cartel beyond their portrayal on Netflix. Colombian drug lord Pablo Escobar was a devoted family man and a psychopathic killer; a terrible enemy, yet a wonderful friend. While donating millions to the poor, he bombed and tortured his enemies - some had their eyeballs removed with hot spoons. Through ruthless cunning and America's insatiable appetite for cocaine, he became a multi-billionaire, who lived in a \$100-million house with its own zoo. Pablo Escobar: Beyond Narcos demolishes the standard good versus evil telling of his story. The authorities were not hunting Pablo down to stop his cocaine business. They were taking over it. Shaun Attwood's War on Drugs trilogy - Pablo Escobar, American Made, and We Are Being Lied To - is a series of harrowing, action-packed and interlinked true stories that demonstrate the catastrophic consequences of drug prohibition."

Mrs Escobar - Victoria Eugenia Henao 2019-08

the most infamous drug kingpin in modern history, told by the person who stood by his side The story of Pablo Escobar, one of the wealthiest, powerful and violent criminals of all time has fascinated the world. Yet the one person closest to him has never spoken out - until now. Maria Victoria Henao met Pablo when she was 13, eloped with him at 15, and despite his numerous infidelities and violence, stayed by his side for the following 16 years until his death. At the same time, she urged him to make peace with his enemies and managed to negotiate her and her children's freedom after Pablo's demise. On the 25th anniversary of Pablo's death, the most intriguing character in the Escobar narrative is ready to share her story and reveal the real man behind the legend.

El Narco - Ioan Grillo

2012-01-16

'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them.

Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the

war is creeping northward, towards the United States. El Narco is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. El Narco is required reading for anyone concerned about one of the most important news stories of the decade.

Killing Pablo - Mark Bowden

2007-12-01

Killing Pablo is the story of the fifteen-month manhunt for Colombian cocaine cartel kingpin Pablo Escobar, whose escape from his lavish, mansionlike jail drove a nation

to the brink of chaos. In a gripping, up-close account, acclaimed journalist Mark Bowden exposes the never-before-revealed details of how U.S. military and intelligence operatives covertly led the mission to find and kill the world's most dangerous outlaw. Drawing on unprecedented access to the soldiers, field agents, and officials involved in the chase, as well as hundreds of pages of top-secret documents and transcripts of Escobar's intercepted phone conversations, Bowden creates a narrative that reads as if it were torn from the pages of a Tom Clancy technothriller. Killing Pablo also tells the story of Escobar's rise, how he built a criminal organization that would hold an entire nation hostage -- and the stories of the intrepid men who would ultimately bring him down. There is Steve Jacoby, the leader of Centra Spike, the ultrasecret U.S. special forces team that would use cutting-edge surveillance technology to find one man among a nation of

37 million. There is Morris Busby, U.S. ambassador to Colombia, who would convince the Bush administration to approve the deployment of the shadowy Delta Force operators who would be the key to the drug lord's demise. And there is Escobar's archenemy, Col. Hugo Martinez, the leader of Colombia's federal police, who would turn down a \$6 million bribe, survive countless attempts on his life, and endure a humiliating exile while waging his battle against the drug lord's criminal empire. It was Martinez's son, raised in the shadow of constant threat from Escobar's followers, who would ultimately track the fugitive to a Bogota rooftop on the fateful day in 1993 when the outlaw would finally meet his end. Action-packed and unputdownable, Killing Pablo is a tour de force of narrative journalism and a stark portrayal of rough justice in the real world.

Dangerous Liaisons - Kevin Casas-Zamora 2013-08-18
The relationship between criminal syndicates and politicians has a long history, including episodes even from the earliest years of America's colonies. But while organized crime may not get the headlines it once did in North America, the resurgence of such criminal activity in Latin America, and in some European nations, has grabbed the public's attention. In *Dangerous Liaisons* noted scholars describe and analyze the role of organized crime in the financing of politics in selected democracies in Latin America (Argentina, Brazil, Colombia, Costa Rica, and Mexico) and in Europe (Bulgaria and Italy). The book seeks to unravel the myths that have developed around crime in these locales, while providing facts and informing the debate on how organized crime corrupts democratic

institutions, especially in relation to the funding of political parties and their activities. Among the subjects studied in detail are the role of organized crime in political finance through the lens of Argentina's presidential campaigns of 1999 and 2007; Brazil's elected officeholders and their role in corruption; the weakness of Colombia's democracy; the growing role of money in Costa Rica's politics; the destructive effects of drug money on Mexican institutions; the link between organized crime—narrowly and broadly understood—and political financing in Bulgaria; and crime and political finance in Italy. The work of the scholars corrects what volume editor Kevin Casas-Zamora calls "a glaring gap in the literature on the role of organized crime in the corruption of democratic institutions." That is, the funding of political parties and their activities—which in these cases are mostly election campaigns. The chapters not only present the evidence but also can be regarded as a call

to action. The Accountant's Story - Roberto Escobar 2009-02-25
"I have many scars. Some of them are physical, but many more are scars on my soul. A bomb sent to kill me while I was in a maximum security prison has made me blind, yet now I see the world more clearly than I have ever seen it before. I have lived an incredible adventure. I watched as my brother, Pablo Escobar, became the most successful criminal in history,

but also a hero to many of the people of Colombia. My brother was loved and he was feared. Hundreds of thousands of people marched in his funeral procession, and certainly as many people celebrated his death." These are the words of Roberto Escobar-the top accountant for the notorious and deadly Medellín Cartel, and brother of Pablo Escobar, the most famous drug lord in history. At the height of his reign, Pablo's multibillion-dollar operation smuggled tons of cocaine each week into countries all over the world. Roberto and his ten accountants kept track of all the money. Only Pablo and Roberto knew where it was stashed-and what it bought. And the amounts of money were simply staggering. According to Roberto, it cost \$2,500 every month just to purchase the rubber bands needed to wrap the stacks of cash. The biggest problem was finding a place to store it: from secret compartments in walls and beneath swimming pools to banks and warehouses

everywhere. There was so much money that Roberto would sometimes write off ten percent as "spoilage," meaning either rats had chewed up the bills or dampness had ruined the cash. Roberto writes about the incredible violence of the cartel, but he also writes of the humanitarian side of his brother. Pablo built entire towns, gave away thousands of houses, paid people's medical expenses, and built schools and hospitals. Yet he was responsible for the horrible deaths of thousands of people. In short, this is the story of a world of riches almost beyond mortal imagination, and in his own words, Roberto Escobar tells all: building a magnificent zoo at Pablo's opulent home, the brothers' many escapes into the jungles of Colombia, devising ingenious methods to smuggle tons of cocaine into the United States, bribing officials with literally millions of dollars-and building a personal army to protect the Escobar family against an array of enemies sworn to kill them. Few men in history have been

more beloved-or despised-than Pablo Escobar. Now, for the first time, his story is told by the man who knew him best: his brother, Roberto.

[Loving Pablo, Hating Escobar](#) - Virginia Vallejo 2018-05-29

Now a major motion picture! Pablo Escobar was one of the most terrifying criminal minds

of the last century. In the decade before his death in 1993, he reigned as the head of a multinational cocaine industry and brought the Colombian state to its knees, killing thousands of politicians, media personalities, police, and unarmed citizens. In the 1980s, Virginia Vallejo was Colombia's most famous television celebrity: a top-rated anchorwoman and a twice-divorced socialite who had been courted by the country's four wealthiest men. In 1982, she interviewed Pablo Escobar on her news program, and soon after, they began a discreet—albeit stormy—romantic relationship. During their five-year affair, Escobar would show Vallejo the vulnerability of presidents,

senators, and military leaders seeking to profit from the drug trade. From Vallejo's privileged perspective and her ability to navigate the global corridors of wealth and high society, Escobar gained the insight to master his manipulation of Colombia's powerful elite and media. *Loving Pablo, Hating Escobar* chronicles the birth of Colombia's drug cartels: the kidnapers, the guerilla groups, and the paramilitary organizations. It is, above everything, a great love story—a deep and painful journey through a forbidden relationship—that gives us an intimate vision of the legendary drug baron who left his mark on Colombia, Latin America, the United States, and the world forever.
