## **Life with a Cosmos**

**Clearance** - Daniel M. Salter  
2003-06-01

On May 9, 2001, the Disclosure Project hosted a major event at the National Press Club in Washington, D.C. This historic event had witness testimony from twenty to twenty-five military, intelligence,

government, and corporate individuals involved with UFO projects over the past fifty years, who presented their information before a worldwide group of media correspondents. "Those of us who were military witnesses of UFO history showed official government documentation

with detailed testimony. Our focus was and is on the facts and documents. Our purpose was and is to get the mainstream media and government officials to hear those facts and move us toward an honest congressional inquiry. We who came forward want to ban weapons from space and stop aggressively shooting down these space vehicles and their extraterrestrial occupants. We need to declassify the advanced electromagnetic propulsion systems in use by the secret government, start producing them for the world to use, and thereby help save this planet. The people who had been employed in agencies within the military and knew the truth about UFOs were sworn to secrecy. Now I am finally relieved to speak the truth. We military men who hold on to this knowledge are getting old and dying, and we want the truth to come out. We will either do it ourselves or leave it for our children and wives to do. Personally, I have told those on Capitol Hill that I

am being led to do it by the aliens themselves. They have convinced me that it is time. They have been waiting on the government, and if the government does not come forward with the truth, then the aliens will take a more public role in disclosure."

**Trumpocalypse** - Paul McGuire 2018-01-02

From the authors of the international bestseller *The Babylon Code* comes an explosive exposé of the chilling truth about the fierce opposition to the Trump presidency, and why the globalist elite and Deep State will stop at nothing—assassination, military coup, staged economic collapse, or worse—to overthrow him.

"Trumpocalypse!" It's the media-coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America's destruction to trigger World War III—an unprecedented nuclear apocalypse ending the

world as we know it. But is the media telling us the truth? No, say internationally-recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize-nominated investigative journalist Troy Anderson. America's most insidious enemies are not hostile nations; they are elite globalists-the "Establishment" that is making the "1 percent" even richer while working- and middle-class people watch their incomes and net worth's flatline or plummet. The authors fearlessly expose the globalist elite's secret plan for humanity and campaign of mass deception. Using documentation gleaned from years of journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical, economic and military affairs experts, faith leaders, and biblical scholars, McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's

dominant institutions-government, education, entertainment, international banking, and even the media. *Trumpocalypse* explores the enigmatic prophecies and "biblical codes" involving Trump, and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end-time narrative unfolds, as many people with prophetic gifts are predicting, and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse. It further reveals why Trump and millions of "deplorables" are fighting to stop the hidden agenda of the Establishment, and how the perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end-times awakening that millions are praying for. Here is an invitation to join the anti-Establishment surge-what evangelist Franklin Graham

calls "the Christian revolution"- and discover how to fulfill your own destiny in the run-up to the Second Coming of Jesus Christ.

**The Trillion-Dollar**

**Conspiracy -** Jim Marrs  
2011-07-05

America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and

legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

**The Illuminati** - Jim Marrs  
2017-05-22

A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning

journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, *Skull and Bones*, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth,

power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.

**Conspiracy Theories** - J. Byford 2011-10-12

Through a series of specific questions that cut to the core of conspiracism as a global social and cultural phenomenon this book deconstructs the logic and rhetoric of conspiracy theories and analyses the broader social and psychological factors that contribute to their persistence in modern society.

They Would Be Gods - Anthony K. Forwood 2011

*Rosicrucian America* - Steven Sora 2019-11-19

An in-depth history of Rosicrucianism, its key members, and their roles in the formation and settling of America • Explores Sir Francis Bacon and Dr. John Dee's deep influence on England's colonization of America as well as the Rosicrucian influence on the Founding Fathers and on

cities such as Philadelphia and Williamsburg • Explains how Bacon was the author of many anonymous Rosicrucian texts and how he envisioned America as the "New Atlantis" • Reveals the connections of the Order of the Rosy Cross to the Knights of the Golden Circle and to the Georgia Guidestones Dr. John Dee and his polymath protégé Sir Francis Bacon were the most influential men in the court of Queen Elizabeth I, part of an elite group with invisible control throughout Europe. And, as Steven Sora reveals, not only were they key members of the Rosicrucians, they were the driving force behind England's colonization of the New World and the eventual establishment of the United States. From Avalon in Newfoundland to New England to Pennsylvania and Virginia, Sora shows how Bacon and Dee's Rosicrucian impact is felt throughout North America. He details Bacon's possible authorship of the anonymous Rosicrucian texts of the early 1600s, his connections with Sir Walter Raleigh's School of

Night, and the origins of Rosicrucianism in Bacon's Order of the Helmet. He explains how Bacon envisioned America as the New Atlantis, a utopia where liberty and freedom of learning prevailed-- a key tenet of the "Invisible College" of the Rosicrucian Order--and how Dee convinced the Queen that England had rightful claims in the New World by drawing on legends of both King Arthur and Welsh Prince Madoc voyaging West to America. Sora looks at Rosicrucian influences on the Founding Fathers and earliest settlers of America, such as Washington, Franklin, and William Penn of Pennsylvania, on the American Revolution, and on American colonies, such as the Williamsburg colony. He details how Penn invited Rosicrucians to Philadelphia and how the city's layout follows esoteric principles, including a direct reference to Bacon's New Atlantis. Moving into the 1800s and beyond, he reveals how a handful of Rosicrucians served as the Inner Sanctum of the Knights

of the Golden Circle and how Rosicrucians are behind the Georgia Guidestones, carved granite monoliths with messages in ancient languages. Providing a thorough and expansive view of Rosicrucianism, its occult origins, and its deep imprint on America, Sora shows how this secret society still continues to exert invisible influence on the modern world.

Rule by Secrecy - Jim Marrs  
2001-04-24

What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of clandestine societies and the power they have wielded - from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude covertly to start and stop wars, manipulate stock markets, maintain class

distinctions, and even censor the news. Provocative and utterly compelling, Rule by Secrecy offers a singular worldview that may explain who we are, where we came from, and where we are going.

**Prophecy Unveiled** - John Buckley 2007-09

Conspiracies and Secret Societies - Brad Steiger 2012-06-01

Startling allegations. Suppressed evidence. Missing witnesses. Assassinations. Cover-ups and threats. Documented connections to even deeper intrigue. Allusions to the New World Order. Coincidences? Too many to be mere coincidence? American history is replete with warnings of hidden plots by the Illuminati, the Freemasons, the

Zionists, the Roman Catholics, the Communists, World Bankers, the Secret Government, and Extra-Terrestrial Invaders, to name a few. Separating fact from fiction, this compelling work provides gripping details and presents the information without bias, including hundreds of individuals, organizations, and events where official claims and standard explanations of actions and events remain shrouded in mystery.

Conspiracies and Secret Societies: The Complete Dossier examines the most common subjects among conspiracy theorists, from historical topics such as the true relationship between Jesus and Mary Magdalene, the Roswell UFO crash, and the assassinations of John F. Kennedy and Martin Luther King Jr. to more current issues such as the death of Princess Diana, FEMA's response following hurricane Katrina, and the recent earthquake and tsunami in Japan.

**Culture of Conspiracy** -

Michael Barkun 2003-11-07  
What do UFO believers, Christian millennialists, and right-wing conspiracy theorists have in common? According to Michael Barkun in this fascinating yet disturbing book, quite a lot. It is well known that some Americans are obsessed with conspiracies. The Kennedy assassination, the Oklahoma City bombing, and the 2001 terrorist attacks have all generated elaborate stories of hidden plots. What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other "fringe" notions such as a belief in UFOs, Nostradamus, and the Illuminati. Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas, Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media, how a new style of conspiracy thinking has recently arisen, and how this phenomenon relates to larger

changes in American culture. This book, written by a leading expert on the subject, is the most comprehensive and authoritative examination of contemporary American conspiracism to date. Barkun discusses a range of material—involving inner-earth caves, government black helicopters, alien abductions, secret New World Order cabals, and much more—that few realize exists in our culture. Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature, to New Age and UFO publications, to popular culture phenomena such as *The X-Files*, and to websites, radio programs, and more, Barkun finds that America is in the throes of an unrivaled period of millennial activity. His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture. [The Nostradamus Mission](#) - Daniel Berghoff

Guardians of the Holy Grail - Mark Amaru Pinkham 2004  
Presenting the ancient Holy Grail lineage from Asia and how the Knights Templar were initiated into it, this book reveals how ancient Asian wisdom became the foundation for the Holy Grail legend.

*When All Roads Lead to the Standoff* - Jeanne M. Haskin 2016-02-01

Using eye-witness accounts to narrate the terrifying, failed efforts at communication during the standoffs at Ruby Ridge and in Waco, TX, Haskin offers a psycho-social theory for militant white movements influenced by political economics. The heart-stopping dialogues as the authorities in both cases make their erroneous calculations are dramatic, but so is the idea that such events can furnish essential clues to success for those who are responsible for de-fusing such conflicts. The Ruby Ridge standoff and the Branch Davidian siege were symptoms of a broader battle between the goals of Corporate Governance and the hatred of

white supremacists. Haskin show that by instilling insecurity, the Corporate power makes a mockery of citizens' free will. Bred by a different set of goals and grievances, white supremacists would use and sacrifice anyone (whites included) to achieve their "whites-only" world. What if white supremacists and those who favor Corporate Governance find common ground? The worst of both their goals--grotesque levels of deprivation, debt peonage, survival slavery, ethnic cleansing, and racial and religious violence--may be our future.

**Little Heathens** - Mildred Armstrong Kalish 2008-04-29  
I tell of a time, a place, and a way of life long gone. For many years I have had the urge to describe that treasure trove, lest it vanish forever. So, partly in response to the basic human instinct to share feelings and experiences, and partly for the sheer joy and excitement of it all, I report on my early life. It was quite a romp. So begins Mildred Kalish's story of

growing up on her grandparents' Iowa farm during the depths of the Great Depression. With her father banished from the household for mysterious transgressions, five-year-old Mildred and her family could easily have been overwhelmed by the challenge of simply trying to survive. This, however, is not a tale of suffering. Kalish counts herself among the lucky of that era. She had caring grandparents who possessed—and valiantly tried to impose—all the pioneer virtues of their forebears, teachers who inspired and befriended her, and a barnyard full of animals ready to be tamed and loved. She and her siblings and their cousins from the farm across the way played as hard as they worked, running barefoot through the fields, as free and wild as they dared. Filled with recipes and how-tos for everything from catching and skinning a rabbit to preparing homemade skin and hair beautifiers, apple cream pie, and the world's best head cheese (start by scrubbing the head of the pig

until it is pink and clean), Little Heathens portrays a world of hardship and hard work tempered by simple rewards. There was the unsurpassed flavor of tender new dandelion greens harvested as soon as the snow melted; the taste of crystal clear marble-sized balls of honey robbed from a bumblebee nest; the sweet smell from the body of a lamb sleeping on sun-warmed grass; and the magical quality of oat shocking under the light of a full harvest moon. Little Heathens offers a loving but realistic portrait of a "hearty-handshake Methodist" family that gave its members a remarkable legacy of kinship, kindness, and remembered pleasures. Recounted in a luminous narrative filled with tenderness and humor, Kalish's memoir of her childhood shows how the right stuff can make even the bleakest of times seem like "quite a romp."

**Apocalypse in Islam** - Jean-Pierre Filiu 2012-03-06  
Explores the belief in Muslim countries that the end of the world is at hand, uncovers the

role of apocalypse in Islam, and examines the widespread fear of Christian Zionist domination as an impetus to jihad.

**The Babylon Code** - Paul McGuire 2015-10-06

What if God embedded a code in the Bible that could only be cracked in the end times--a prophetic cypher that reveals how the four blood moons and the biblical Shemitah are just signs of the beginning of end-time events? Unlocking a great mystery that has puzzled scholars for nearly two thousand years, THE BABYLON CODE reveals how powerful forces are now at work to create a global government, cashless society, and universal religion as predicted by the prophets. The result of a five-year journalistic investigation, THE BABYLON CODE takes readers on a spellbinding journey to explore the link between the world's most secret organizations, the Bible's greatest prophetic riddle, and what world-renowned evangelist Billy Graham describes as a convergence in end-time signs

for the first time in history.

This prophetic mystery book pieces together the apocalyptic puzzle--uncovering what may be not only the biggest story and political scandal in modern history, but also the secret to both our survival and our salvation.

*The State of the American Mind: Stupor and Pathetic Docility Volume Ii* - Amechi Okolo 2010-06-11

This book, *The State of the American Mind: Stupor and Pathetic Docility Volume One* begins to unravel some of the most obvious, perplexing, embarrassing and enduring problems and contradictions of American history and sociology, viz., how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up

establishing the most vicious, exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement, etc. Further, how could men of such great wisdom and intellect like George Washington, James Madison, Thomas Jefferson, and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil, because they had variously experienced white servitude and slavery themselves, collude to establish and institutionalize the horrible system of Negro chattel slavery in America; and also disenfranchised over 90 percent of people of their own race actions that racism could not explain. The structural/institutional slavery system they established, and the resultant consequent racism hobbles America today as it did in the past, and forced Eric Holder, the Attorney General to declare that, America is a nation of cowards, when it comes to race discussions. Thus, this book starts with serious critical

discussions of race in America and reveals what no textbook has ever done, viz., that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains. Further, the book also shows the year Black slavery started something almost, all textbooks got wrong. It also shows who, was the first Black slave in America something no textbook ever mentions. It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward. This book therefore shatters the two dominant themes of American history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom, as Harvard educated President Obama famously told us in his

race speech. Thus, the crowning lesson of this book, in addition to discussing some critical policy issues like education, health care, etc., is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry, their universal history and experience of servitude, bond-indentures and slavery. Nothing is more universal, more common and more shared in American history and sociology than the fact that most of our ancestors, black and white, were servants, bond-indentures and slaves who were dominated and super-exploited by few overlords. Colonial America was the preferred dumping ground for British, outcasts, rejects, criminals, masterless class, vagabonds, bond-indentures, slaves, etc., until 1776 when Australia replaced

America as the British dump for its rejects and surplus citizens. Thus, that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good, powerful achieving citizens do not normally emigrate to new uncharted lands.

### **A Culture of Conspiracy -**

Michael Barkun 2006

Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

*The Complete Idiot's Guide to the New World Order* - Alan Axelrod, PhD 2010-09-07

The good, the bad, and the ugly behind the NWO. The "New World Order" (NWO) is a

conspiracy theory; describing the evolution, or existence of one-world government administered by the powerful elite. Now Alan Axelrod offers an understandable look at what the NWO really means to people and lets the reader decide which theories are correct- or whether perhaps it's a little bit of every proposed theory. He discusses: ?The Knights of Templar, the Illuminati, the Masons, ancient and modern-day religionists and how they paved the way for a possible Fourth Reich ?The link between the lost island of Atlantis, Hitler, and the first President Bush with the concept of a future one-world government ?The United Nations, Yale University's Skull and Bones society, the Rockefellers, Morgans, Rothschilds, and Kennedys Rights, Bodies and Recognition - Daniel Breazeale 2006

The essays in this volume focus on Fichte's contributions in political theory as set out in his 'Foundations of Natural Right', examining such issues as Fichte's role as a social

contract theorist, his theory of gender relations, and his theories on punishment and criminal law.

**Conspiracy Films** - Barna

William Donovan 2014-01-10

For many years, conspiracy theories have been among the most popular story elements in Hollywood films. According to the “conspiracy culture,” Government, Big Business, the Church, even aliens—all of which, bundled together, comprise the ubiquitous “Them”—are concealing some of the biggest secrets in American and world history. From *The Manchurian Candidate* (1962) to JFK (1991), *The Matrix* (1999) to *The Da Vinci Code* (2006), this decade-by-decade history explores our fascination with paranoia. The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired, not only in theatrical films but also in such television series as *The X-Files*, *Lost* and *V*.

*If the West Falls...* - Bridget S. Howe 2011-10-27

*If The West Falls* If the West Falls is the result of four years of research that began when the author learned that she was a target of US Government sponsored Organized Vigilante Stalking. Her investigation into the crime that had been committed against her led her to an understanding of the crime that is being committed by the United States government against the people of this nation and the rest of the world. The author’s investigation reveals • The presence of a fascist underground controlling the life of this nation and the lives of American people • The plans of secret societies such as the Bilderbergers, the Trilateral Commission and the Council of Foreign relations to dissolve the national sovereignty of the United States of America • The influence of the occult in public institutions and the American Christian Church • Crimes being committed by US governing officials being covered up by the National Security Act including the exploitation of children •

Exploitation of American citizens and people around the world under the Patriot Act and the Military Commissions Act

**Born Again Truths** - Kay

Wiley Brown 2011-02-23

BORN AGAIN TRUTHS Born into the bondage of the LDS Religion-- Born-again of the Spirit through God's Mercy and Grace "When I studied LDS history and doctrines against the Bible, seeking truth to help my questioning child, I found deceits and occult origins that would lead me out as well. I took my petitions to God, pouring out my heart to Him, and pleading for direction. I could see that I had caused God sorrow. I told Him that I was sorry for following man and promised Him that "from this day forward, it will be me, Jesus Christ, and You, God" (speaking to the Father.)

Miraculously, God allowed me to witness my rebirth, as He instantly peeled the bondage I had been under, off of me before my eyes! A grayish matter fell away from me, heavy toward the ground, then dissipated. I heard my lungs fill

up with a gasp as God breathed into me. A brightness then immersed me as God filled me with the Holy Spirit. Such joy, peace, and a feeling of freedom I had never known enveloped me! The scenery about me became vivid--the outlines of the mountainous terrain were instantly crisp and clear. I knew that my eyes had been opened; I was forever changed, and there would be no going back. God heard my feeble prayer, has saved me from spiritual blindness, given me new birth, and sealed me His by the Holy Spirit--forever!" - Author Kay is a wife, mother, and grandmother who enjoys family activities, reading, painting, photography, hunting, fishing, and camping.

**The Trilateral Commission and Global Governance** -

Dino Knudsen 2016-05-12

This book provides the first analysis of the Trilateral Commission and its role in global governance and contemporary diplomacy. In 1973, David Rockefeller and Zbigniew Brzezinski founded the Trilateral Commission.

Involving highly influential people from business and politics in the US, Western Europe, and Japan, the Commission was soon perceived as constituting an embryonic or even shadow world government. As the first researcher to have accessed the Commission's archives, the author argues that this study demonstrates that global governance and international diplomacy should be considered a product of overlapping elite networks that merge informal and formal spheres across national borders. This work has three immediate aims: to trace the background, origins, purposes, characteristics, and modus operandi of the Commission; to investigate the elite aspect of the Commission and how this related to democracy; and to demonstrate how the Commission contributed to diplomatic practices and policy-formulation at national and international levels. The overall purpose of this book is to evaluate the significance of the Trilateral Commission, with

particular focus on the implications of its activities on the way we understand decision-making processes and diplomacy in modern, democratic societies. This book will be of much interest to students of the Cold War, US foreign policy, diplomacy studies, and IR in general

Slave Species of the Gods - Michael Tellinger 2012-09-10

Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki

Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as

Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city

of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy.

Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

Key Concepts in the Study of Antisemitism - Sol Goldberg  
2020-12-02

This volume is designed to assist university faculty and students studying and teaching about antisemitism, racism,

and other forms of prejudice. In contrast with similar volumes, it is organized around specific concepts instead of chronology or geography. It promotes conversation about antisemitism across disciplinary, geographic, and thematic lines rather than privileging a single methodological paradigm, a specific academic field, or an overarching narrative. Its twenty-one chapters by leading scholars in diverse fields address the relationship to antisemitism of concepts ranging from Anti-Judaism to Zionism. Each chapter not only traces the history and major scholarly debates around a key concept; it also presents an original argument, points to avenues for further research, and exemplifies a method of investigation.

**The Genesis 6 Conspiracy -**

Gary Wayne 2020-08-08

There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants today, but their bloodlines extend all the way back to the Nephilim—the offspring of angels who mated with human women—described in Genesis 6 when giants roamed the land. Gary Wayne, author of *The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind*, details the role of modern-day Nephilim in Satan’s plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the

world that is contrary to the biblical one. This Genesis 6 Conspiracy marches toward the Great Tribulation, when the loyalty of the Terminal Generation—this generation—will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you—and it will challenge you to prepare for the fulfilling of God’s promises.

Hope of the Wicked - Ted Flynn  
2000-06-01

"Hope of the Wicked is about the greatest deception in modern history. The book is packed with hundreds and hundreds of quotes from world leaders themselves showing where they want to bring the world. Nothing is left to guesswork; when you are finished reading, you will understand that what seems to

be inconsistent and illogical to you, is not to the global elite who wish to bring the United States under the auspices of the United Nations. The quotes are from established world leaders, past and present, and most are household names. It is laid out for all to see what they have organized out in the open for all to observe, if one wants to learn what the Masters of the Universe are planning for the New World Order. The book is neither left- nor right-wing politically, but is the view of a scribe observing these trends and issues over a twenty-five year period. It is primarily a resource guide and mini-anthology, with an index and 38 pages of footnotes that will be most difficult for someone to take issue with, principally because the quotes are from the perpetrators themselves what they have accomplished, and where they hope to go in the future. When you are done reading the material presented in this book, you'll never look at the news the same way again. It all amounts to control, control of

your money, your work, your family, your education, your attitudes, your beliefs, your thoughts. Do you think its impossible? Read Hope of the Wicked and you will know for sure it is not only possible, it is already being done." -- Amazon.com, 6/30/14.

*The Haunting of Twentieth-Century America* - William J. Birnes 2011-09-13

In this sequel to *The Haunting of America*, national bestselling authors Joel Martin and William J. Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events. In unearthing the roots of America's fascination with the ghosts, goblins, and demons that

possess our imaginations and nightmares, Martin and Birnes show how the paranormal has driven America's political, public, and military policies. The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions: UFOs that frightened the nation's military into launching nuclear bomber squadrons toward the Soviet Union, out-of-body experiences used to gather sensitive intelligence on other countries, and even spirits summoned to communicate with living politicians. *The Haunting of Twentieth-Century America* is a thrilling evidence-based exploration of the often unexpected influences of the paranormal on science, medicine, law, the government, the military, psychology, theology, death and dying, spirituality, and pop culture. *Rumor Mills* - Veronique

Campion-Vincent 2017-07-05

The goal of this volume is to explore the social and political dynamics of rumor and the related concept of urban or contemporary legend. These forms of communication often appear in tandem with social problems, including riots, racial or political violence, and social and economic upheavals. The volume emphasizes the connection of rumor to a set of social concerns from government corruption and corporate scandal, to racial, religious, and other prejudices. Central to the dialogue are issues of truth, belief, history, public policy, and evidence. Rumor has been recognized as one of the most important contributing factors to violence and discrimination. Yet, despite its significance in exacerbating social discord and mistrust, little systematic scholarly attention has been paid to the political origins and consequences of rumor. Rumor is defined as a proposition for belief that is not backed by secure standards of evidence.

Rumor can be traditional or not, and can be expressed as a simple claim of fact. In both instances groups of claim-makers, operating out of their own interests and with a set of resources, attempt to depict reality, and if possible, impact the future. The need for this book is underscored by changing patterns of technology. What in the past was grounded in face-to-face interaction is now often found on the Internet, which is a major source of rumor. An appreciation of how new electronic forms of communication affect communal belief is essential for explicating rumor dynamics. The volume is comprehensive. Essays cover race and ethnicity, migration and globalization, corporate malfeasance, and state and government corruption. While editors and contributors well appreciate the dynamic nature of rumors and legends, the high quality of the effort make it evident that the issues that are raised and reoccur will serve to channel and inspire

research in this major field of communications research for years to come.

Secret Societies - John Lawrence Reynolds 2011-09-01  
They generate fear, suspicion, and—above all—fascination. Secret societies thrive among us, yet they remain shrouded in mystery. Their secrecy suggests, to many, sacrilege or crime, and their loyalties are often accused of undermining governments and tipping the scales of justice. The Freemasons, for example, hold more seats of power in the U.S. government than any other organization. No fewer than sixteen presidents have declared their Masonic affiliation, and there may have been more. Secret societies have infiltrated pop culture as well. Celebrity members of Kabbalah include Madonna, Demi Moore, and Elizabeth Taylor, among others. From the Mafia and the Yakuza to the Priory of Sion, Skull and Bones and the Templars, Reynolds offers an illuminating and entertaining exploration of the stories—confirmed and fabricated—that surround these societies, as well as

provides detailed information on their origins, initiations, rituals, and secret signs. Dispelling myths and providing gripping revelations—such as a direct historical link between the Assassins of the Middle

Ages and today's Al Qaeda—*Secret Societies* gives us a smart, surprising look at the best known and often least understood covert organizations.
